American National Standards Institute, Inc 11 West 42nd Street 13th Floor New York, NY 10036

STATEMENT OF PATENT HOLDER CONCERNING THE USE OF PATENTED DEVICE OR DESIGN IN CONJUNCTION WITH AN AMERICAN NATIONAL STANDARD

Note: This form is to be used to record the statement of a patent holder whose patented device or design (pending or approved) may have to be used by a person or organization complying with an American National Standard. This statement is filed and retained pursuant to Section 7.4 of the American National Standards Institute Procedures for Development and Coordination of American National Standards.

1. Name of Patent Holder: Stac Electronics
   Address: 5993 Avenida Encinas
             Carlsbad, California 92008
   Telephone: 619-431-7474 FAX: 619-431-0880
   Contact: John Witzel, Vice President, Finance & Operations
            (Name and Title)

2. Number and Description of Patent(s) (use extra sheet if necessary)
   Patent Number(s): See attached list
                     (Attach copy of patent application)
   Description: See attached list
   List Claims Pertinent to Compliance with Standard:

   Date of Expiration: See attached list
   Pending ☐ Approved ☑
                     (check one)
   If Pending, indicate date of application: ____________________________
   If Patent Holder is a transferee of original claimant, attach the transfer agreement.

   Adaptive Coding with Sliding Window for Information Exchange

4. List sections of standard to which patent claims relate: See 3 above
Facsimile Cover Sheet

SUBJECT: ANSI X3B5 Public Review
         X3.241:199x,
         Draft American National Standard for Information Systems - Data Compression
         Method - Adaptive Coding with Sliding Window for Information Interchange

MESSAGE:

Note: If this transmission is incomplete, please contact us immediately. Thank you.
5. Terms and Conditions of License

Are there any licensees?  Yes  If so, how many?  20+

Please attach a copy of license agreement, if any.

Please check one of the following statements: (Please check one)

(a) A license shall be made available without compensation to applicants desiring to utilize the license for the purpose of implementing the standard or,

(b) A license shall be made available to applicants under reasonable terms and conditions that are demonstrably free of any unfair descrimination.

(c) An assurance of non-assertion will be filed with the Patent Office by the effective date of ANSI approval of the listed standard.

Signed: John B. Winquest (Vice President, Finance & Operations)

Company: Stac Electronics

Date: 6/3/94
