Dear Rachel,

TG 11.2 requested that INCITS initiate the T11 letter ballot for revision 0.11 of FC-PI-7 (T11-2017-00156-v011). The letter ballot was performed and completed using the ICMS system. The ballot closed on July 29, 2018. The vote carried with 21 in favor, 0 opposed, and 0 abstaining. Four comments were received from companies voting Yes on the ballot. These comments were addressed by the committee during the August 2018 T11 meeting and are contained in the comment resolution document T11-2018-220-v002.

Could you please take the appropriate steps for performing first public review and further processing of the standard?

Thank you for your assistance in this matter.

Regards,
