Dear Rachel,

At the December 2018 T11 plenary meeting (#150) in Raleigh, NC, the TC T11 committee agreed to recommend that the following projects be hidden from view in ICMS: FC-FS-5, FC-LS-3, FC-NVMe, and FC-SB-6. The projects should not be deleted but should remain and just be hidden.

Dave Peterson (Broadcom) motioned and Craig Carlson (Marvell) seconded to have T11 recommend that links to the following projects be hidden from the T11 home page: FC-FS-5, FC-LS-3, FC-NVMe, and FC-SB-6. A show-of-hands vote was taken, with 14 affirming, 0 opposing, and 0 abstaining. The motion is contained in clause 7.2 of the draft minutes (see T11-2018-00345-v000).

Can you please assist in this matter and hide the requested projects?

Thanks and Best Regards,

*Steven Wilson*
