Dear Rachel,

Please find attached the draft of "FIBRE CHANNEL NON-VOLATILE MEMORY EXPRESS — 2 (FC-NVMe-2)." Revision 1.04.

Could you please initiate a 30 day RFC ballot for FC-NVMe-2 Revision 1.04 under T11.3? It is very important that this RFC ballot complete no later than April 3, 2019 (i.e., start no later than March 3, 2019) to ensure adequate time for the committee to collect any comments prior to the upcoming April T11.3 meeting.

Thank you for your assistance in this matter.

Regards,

Craig W. Carlson
