**Minutes Fibre Channel Protocol
(T11.3) Task Group plenary meeting #126
2019 February 07 – 10:30 to 11:30 CST
Fort Worth, Texas, US**

1 Opening remarks and introductions

The chair convened plenary meeting #126 of the Fibre Channel Protocol (T11.3) Task Group on 2019 February 07 at 10:36 CST. He introduced himself as Craig Carlson (Marvell), and the group thanked David Rodgers and Teledyne-LeCroy, for the meeting facilities. Then Roger Hathorn (IBM) introduced himself as Vice-Chair and Patty Driever (IBM) introduced herself as secretary. Members then introduced themselves.

2 Approval of the Agenda

An electronic version of the agenda, [T11-2019-00029-v000](#), and supporting documents were made available among the documents for this meeting. The agenda was in HTML format with links to the appropriate supporting documents. The chair presented the agenda and made a call for any new agenda items. No new items were requested.

Dave Peterson (Broadcom) moved and Alan Rajapa (Dell) seconded that [T11-2019-00029-v000](#) be approved as posted as the agenda for this meeting. The motion passed unanimously.

3 Administrative Matters

3.1 T11.3 Admin Is Trivia

The chair, Craig Carlson (Marvell), stated that T11.3 administrative information is available among the documents for this meeting: Starting with the web page (<https://standards.incits.org/apps/org/workgroup/t11.3/>), links lead to contact information for T11.3 officers, membership rules, project information, procedures and operating rules, patent rules, and internet resources. The chair recommended that members familiarize with these rules so the business of the Task Group may be conducted expeditiously. Members were advised to see any of the officers if they require additional assistance.

3.2 Document Distribution

The chair instructed those present how to access meeting documents via the INCITS T11 Web Site Center page (<https://standards.incits.org/apps/org/workgroup/t11/documents.php>). The chair uploaded a zip file document containing all documents reviewed at this meeting: [T11-2019-00059-v000](#).

3.3 Other matters of grave concern

The chair instructed those present how to register using the electronic attendance list for this meeting. He reminded those present that the electronic attendance list would become the only formal record of attendance at this meeting.

4 Patents

The chair presented an overview of INCITS patent policies and guidelines, as found in INCITS Policies and Guidelines (<http://www.incits.org/standards-information/legal-info>) sub clause 8.4. In accordance with those policies, the chair made a call for patents that related to the standards being developed by this task group. Those companies wishing to file a patent declaration should send it to the chair of TC T11, with copies to Lynn Barra at INCITS (lbarra@itic.org).

5 Antitrust Policies

The chair noted that the INCITS Antitrust Guidelines applied to this task group meeting. The chair further noted that it was the responsibility of all attendees, and not just the officers, to ensure that the Guidelines are followed, and to terminate discussions if they are not. As examples, there should never be discussion of the following topics at any INCITS or INCITS subgroup meeting:

Any company's prices or pricing policies; Specific R&D, sales and marketing plans;

Any company's confidential product, product development or production strategies;

Whether certain suppliers or customers will be served;

Prices paid to input sources; or

Complaints about individual firms or other actions that might tend to hinder a competitor in any market.

The INCITS Antitrust Guidelines are available on the INCITS web site (<http://www.incits.org/standards-information/legal-info>).

6 Attendance and Membership

6.1 Current membership list

The chair encouraged those who attend T11 meetings regularly or intend to attend T11 meetings regularly and are not T11 members to consider joining the organization.

Information on how membership is gained, maintained, and lost in any INCITS Technical Committee or Task Group may be found in INCITS Organization and Procedures (<http://www.incits.org/standards-information/policies>) sub clause 3.8. An overview of these requirements was introduced by the chair and

was available to all attendees in the electronically distributed meeting documents.

The Vice-chair presented the current list of members and representatives, and invited corrections. The membership effective for this meeting, as adjusted for changes introduced at this meeting, is shown in Annex A. Attendance for this meeting is shown in Annex B.

6.2 *Voting memberships in jeopardy*

Amphenol and NetApp were in jeopardy for non-attendance. Both were in attendance at this plenary meeting and have attended two of the last 3 meetings, so they are no longer in jeopardy.

6.3 *Changes in Membership*

6.3.1 *Changes in representation since last meeting*

Kumaran Krishnasamy was removed as an Alternate for Broadcom, Inc. All other voting representation for Broadcom remains the same.

10 members responded to the call for quorum. One third of the total membership for this meeting is 4. The number 9 exceeds or equals one third of the total membership for this meeting and also exceeds or equals 4. A quorum is therefore present for this meeting.

7 Approval of Minutes - Meetings #125

The prior plenary meeting of the Fibre Channel Protocol (T11.3) Task Group was #125 on 2018 December 06. The draft minutes of that meeting were posted as document [T11-2018-00338-v000](#).

You may review the T11.3 minutes by reviewing the version that is posted on the web site and requesting corrections either before the subsequent meeting using the Internet mail reflector (fc_protocol@standards.incits.org) or at the subsequent meeting in person. Non-editorial and/or substantial requests for corrections will be noted in detail at the next plenary meeting prior to the plenary body voting on the minutes. Until approved by the plenary body, these minutes are unofficial draft minutes only.

Dave Peterson (Broadcom) moved and Alan Rajapa (Dell) seconded to accept at this meeting [T11-2018-00338-v000](#) as posted as the minutes of T11.3 meeting #125 on 2018 December 06. The motion passed unanimously.

9.1 TC T11 and INCITS

T11 chair Steve Wilson (Brocade) asked if anyone wanted him to review the T11 TC report to other committees (posted as [T11-2018-00357-v000](#)). When no one requested a review of the report, Steve noted that the report is

always available on the T11 web site for future inspection. Steve Wilson (Brocade) presented extracts relevant to T11.3 from the INCITS Report to T11 posted as [T11-2019-00028-v000](#).

Steve also indicated that INCITS has requested nominations for INCITS awards. Members may nominate individuals or contact Steve and he will assist.

The presentation in December entitled 'Obsolete Loop?' (T11-2018-00266-v001) caused concern from an HPE client that is a large user of Arbitrated Loop at 8GFC. Although loop is not supported beyond 8GFC, there is no plan to obsolete it.
