Dear Rachel,

The T11 committee has prepared a project proposal for an INCITS standard entitled " Fibre Channel - Physical Interfaces - 7 (FC-PI-7) Amendment One".

The proposed amendment to the FC-PI-7 standard corrects a technical error found in chapter 7 equation 11. T11 document number T11-2019-00094-v001 highlights what the equation is in the document and shows the correct equation.

The project proposal was noted for consideration on the June 2019 meeting's draft agenda; document T11-2019-00139-v001.

The project proposal is contained in document T11-2019-00129-v000. At the June 6, 2019 meeting of T11 held in La Jolla, CA, Tom Palkert (Macom) moved and Chris Lyon (Amphenol) seconded to approve T11-2019-00129-v000 as the project proposal for FC-PI-7 AM1 and to forward T11-2019-00129-v000 to INCITS for further processing. This requires a 2/3 meeting vote. The motion passed with 17 Favoring, 0 Opposing, and 0 abstaining.

The vote is recorded in clause 10.2 of the June 2019 T11 draft plenary minutes, T11-2019-00175-v000.

Could you please take the appropriate steps to carry forward the recommendation of T11 and accept the project as a standard to be developed within T11?

Thank you very much for your assistance in this matter.

Sincerely,

Steven Wilson
