Spikes during high times of engagement. There was an increase in impressions this month. This was with the help of webcast posts and Flash Memory Summit posts. Heading into next month, TechTHiNQ will continue to create posts that include account tags to help keep this number at an increase.
July - August
FCIA Social Media Highlights

Facebook

Engagements increased this month. This shows that FCIA is posting content that sparks engagement amongst FCIA’s target audience. Posts about webcasts and the Flash Memory Summit contributed to this increase.
