Dear Rachel,

TG 11.3 requested that INCITS initiate the T11 letter ballot for revision 1.07 of FC-NVMe-2 (T11-2019-00210-v003). The letter ballot was performed and completed using the ICMS system. The ballot closed on November 20, 2019. The vote carried with 15 in favor, 1 opposed, 0 abstaining, and 3 not voting. One comment was received from the company voting Yes on the ballot and one comment was received from the company voting No on the ballot. These comments were addressed by the committee during the December 2019 T11 meeting and are contained in the comment resolution document T11-2018-341-v001. An email was provided to the T11 chair by the company voting No indicating that they wish to change their No vote to a Yes vote.

At the December 2019 T11 plenary meeting, the T11.3 chair made a motion to accept T11-2019-00341-v001 as the T11 letter ballot comment resolution document and to forward the resulting FC-NVMe-2 draft standard Rev. 1.08 contained in T11-2019-00210-v004 to T11 for further processing, including first public review. The motion was seconded by Dave Peterson (Broadcom). The motion carried by a vote of Yes-14, No-0, Abstentions-0. The details of this motion are documented in clause 11.2.1 of the December T11 draft minutes.

Could you please take the appropriate steps for performing first public review and further processing of the standard?

Thank you for your assistance in this matter.

Regards,

Steven Wilson
