Dear Rachel,

TG 11.2 requested that INCITS initiate the T11 letter ballot for revision 1.02 of FC-PI-7P (T11-2020-00003-v003). The letter ballot was performed and completed using the ICMS system. The ballot closed on May 12, 2020. The vote carried with 14 in favor, 1 opposed, 0 abstaining, and 2 not voting. Five comments were received from a company voting Yes on the ballot and one comment was received from the company voting No on the ballot. These comments were addressed by the committee during the June 2020 T11 meeting and are contained in the comment resolution document T11-2020-00110-v001. An email was provided to the T11 chair by the company voting No indicating that they wish to change their No vote to a Yes vote.

At the June 2020 T11 plenary meeting, the T11.2 vice-chair made a motion to accept T11-2020-00110-v001 as the T11 letter ballot comment resolution document and to forward the resulting FC-PI-7P draft standard Rev. 1.03 contained in T11-2020-00003-v004 to T11 for further processing, including first public review. The motion was seconded by Greg McSorley (Amphenol). The motion carried by a vote of Yes-16, No-0, Abstentions-0. The details of this motion are documented in clause 10.2.1 of the June T11 draft minutes.

Could you please take the appropriate steps for performing first public review and further processing of the standard?

Thank you for your assistance in this matter.

Regards,

Steven Wilson
