Policies and Procedures for USNC Technical Advisory Group (TAG) to ISO/IEC JTC 1 SC

1. General

These procedures for USNC Technical Advisory Group to ISO/IEC JTC 1 SC under ISO/IEC Joint Technical Committee 1 (JTC 1) meet the requirements for due process and coordination in the development of U.S. positions for ISO and IEC activities as given in ANSI “Criteria for the Development and Coordination of U.S. Positions in the International Standardization Activities of the ISO and IEC” (ANNEX B). These procedures are only applicable to ISO/IEC JTC 1 SCs that are under the management of IEC and where INCITS is serving as the TAG administrator. Refer to INCITS Organization, Policies and Procedures for the ISO/IEC JTC 1 SCs that are under the management of ISO. A USNC TAG to ISO/IEC JTC 1 Subcommittee consists of its Technical Advisor (TA) who may also be the chair, its members, and its TAG Secretary.

The Information Technology Industry Council (ITI) sponsors INCITS—the InterNational Committee for Information Technology Standards and serves as the INCITS Secretariat. INCITS serves as the U.S. Technical Advisory Group (TAG) to ISO/IEC JTC 1, the standards development environment where experts come together to develop worldwide Information and Communication Technology (ICT) standards for business and consumer applications. INCITS is accredited by the American National Standards Institute (ANSI) as an ANSI-Accredited Standards Developer.

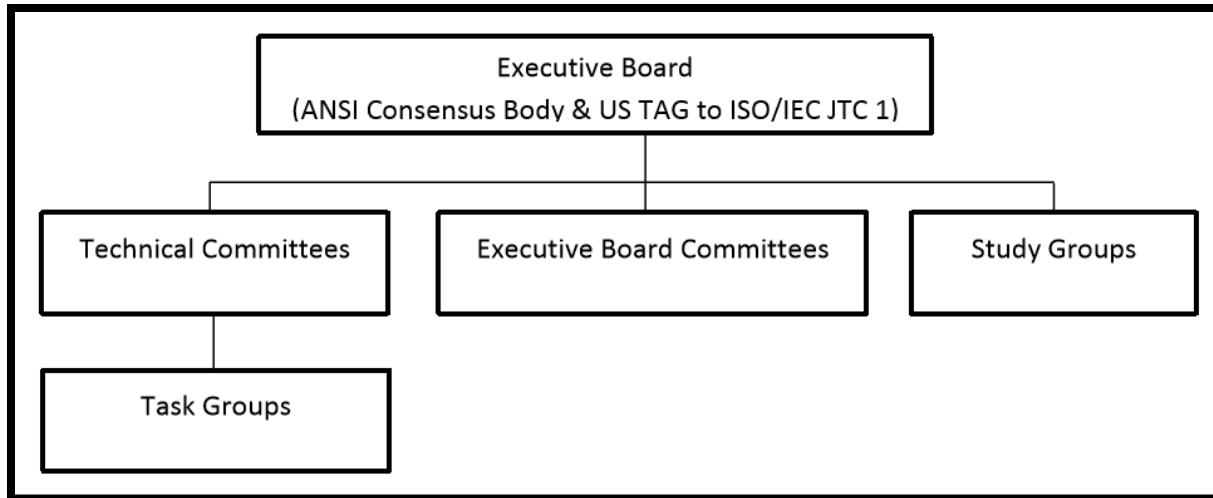

The technical work of INCITS is distributed among the Executive Board which serves as the US TAG to ISO/IEC JTC 1 and its subordinate groups:

- Executive Board Committees
- Technical Committees (TCs)

Note: All work of the TCs is advisory to and subject to approval of the Executive Board. A TC participates technically on behalf of the Executive Board on related international standards activity, particularly within the corresponding subcommittee of JTC 1 and other relevant international technical committees.

Subgroups (Task Force and Ad Hoc) of USNC TAGs or separate USNC TAG may be formed to relate to working groups of an ISO/IEC JTC 1 Sub Committee. Where the USNC TAG to an ISO/IEC working group is not independently recognized, the degree of independent authority to take actions shall be defined in writing (as part of the USNC TAG procedures, or as a policy or agreement) and shall be approved by the parent USNC TAG, and a copy provided to the INCITS Executive Board and USNC Technical Management Committee (hereafter referred to as TMC). In certain circumstances, the TMC may authorize the establishment of USNC TAGs for Working Groups (WGs), Maintenance Teams (MTs), or Project Teams (PTs). In these cases, the relationship between these USNC TAGs and the parent TC or SC must be clearly documented.

The organization of INCITS is shown below:

There are several responsibilities that may be shared among the Technical Committee Technical Advisor (TA)/Chair, the Deputy Technical Advisor (DTA)/Vice-Chair, and the TAG Secretary. These leaders shall have an agreement on who has the primary responsibility for each.

The official language of USNC TAGs is English.

From time to time, U.S.-domiciled Standards Developing Organizations (SDOs) may enter into various types of agreements with ISO and IEC, such as Category D Liaisons and Dual Logo or Joint Development Agreements. In such cases, the SDO is encouraged to advise the related USNC TAG in advance of its intent to submit a standard for consideration as an IEC Standard. In such instances, it is expected that the USNC TAG will raise any concerns related to the proposed IEC standard during its development cycle so that, if the standard is subsequently balloted for approval at the IEC level, the U.S. position will be to support its approval. For this reason, it is also strongly encouraged that the U.S.-based participants in the SDO actively participate as voting members of the related USNC TAG.

1.5 Executive Board

¹ ISO/IEC currently use the following categories:

a) Industry and Commerce b) Government c) Consumers d) Labour e) Academic and Research Bodies f) Standards Application g) Non-governmental Organization (NGO)

The Executive Board is the INCITS Consensus Body and has the ultimate responsibility for all standards developed and approved by INCITS. It is responsible for ensuring accreditation, advancing the interests of the ICT sector and maintaining a viable, level playing field for furthering information technology.

The Executive Board oversees the operation of INCITS and has financial oversight of the organization. The Executive Board has final approval authority for recommendations from the Executive Board Committees, Technical Committees and all other IOEs. The Executive Board is responsible for establishing and maintaining INCITS policies and procedures.

1.5.1 Executive Board Membership

Membership is by organization² and the member organization will appoint its principal representative and one or more alternates. Membership in the Executive Board is required for participation in all Executive Board Committees. Also see Section 8.13, Limits on Voting Membership.

Voting membership in the Executive Board is open to organizations directly and materially affected by the scope of INCITS' work that are willing to participate regularly and that have paid the designated service fee.

No representative shall have more than one vote except in the case where two or more organizations appoint the same individual to represent them (as principal or alternate representative). An individual so designated may cast a separate vote for each organization represented. Each organization shall confirm in writing to the INCITS Secretariat that it is aware of the multiple roles held by the individual and will accept the results of the arrangement. Representation of more than one organization by the same individual shall require the approval of the Executive Board, using a 14-day LB or meeting vote, with the 2/3 Voting Rule.

There are no voting or attendance requirements for retention of voting rights for the Executive Board, Executive Board Committees or Executive Board Study Groups.

1.5.2 Executive Board Officers

1.5.2.1 Executive Board Chair

The Chair of the Executive Board is an elected position from the principal or alternate representatives of voting members on the Executive Board. The Executive Board Chair may not serve for more than two consecutive terms, each term consisting of 3 years. If a member's representative is elected as Executive Board Chair, that member may not provide another elected officer on the Executive Board.

1.5.2.2 Executive Board Vice-Chair

The Vice-Chair of the Executive Board is an elected position from the principal or alternate representatives of voting members on the Executive Board. The Executive Board Vice-Chair may serve an unlimited number of 3-year terms. If a member's representative is elected as Executive Board Vice-Chair, that member may not provide another elected officer on the Executive Board.

1.5.2.3 Executive Board Secretary

The Secretary of the Executive Board is appointed by the INCITS Secretariat.

1.5.3 Executive Board Committees

² See the definition of "organization" in 8.2, Glossary.

Executive Board Committees have responsibility for key INCITS management activities and may hold U.S. TAG assignments; they make recommendations directly to the Executive Board.

Participation in Executive Board Committees is only open to representatives of Executive Board member organizations. Voting rights are achieved at the start of the first meeting attended.

Except for the JAG TAG (JTC 1 Advisory Group), Chairs for these committees are elected by the Executive Board from the principal or alternate representatives of voting members on the Executive Board.

Officers of Executive Board Committees may serve an unlimited number of three-year terms.

Except for the JAG TAG, the Executive Board Chair and Executive Board Vice-chair may not serve as a chair of these Executive Board Committees.

1.5.3.1 Finance Board Committee (FBC)

The Finance Board Committee is responsible for making recommendations to the Executive Board on all matters pertaining to INCITS finances.

1.5.3.2 Procedures Board Committee (PBC)

The Procedures Board Committee is responsible for making recommendations to the Executive Board on all matters pertaining to INCITS procedural documentation.

1.5.3.3 JTC 1 Advisory Group (JAG) TAG

The JAG TAG is responsible for establishing US positions on all matters pertaining to the JAG. The JAG TAG is also responsible for making recommendations to the Executive Board on all JTC 1 ballots originating from the JAG as well as JAG related JTC 1 Plenary agenda items. The JAG TAG shall be the US TAG to the JAG. The Chair of the JAG TAG shall be the Executive Board Chair, the Executive Board Vice Chair or someone appointed by the Executive Board Chair.

1.5.3.4 Executive Board Study Groups (SG)

The Executive Board may establish an Executive Board Study Group to investigate a general sub-area of information processing technology, to assess trends and relationships, and to provide advisory study reports. An SG may also be established to conduct a study of a proposal for an INCITS standards development project, or group of related projects, or for similar projects leading to INCITS or ANSI TRs.

SGs have responsibility for specific areas described in their charter and may hold TAG assignments; they may make recommendations directly to the Executive Board.

Only the Executive Board may assign a TAG responsibility to an SG. When an SG serves as a U.S. TAG, the procedures in Section 10, International Standards Development Procedures, shall be followed.

Upon completion of its assignment, the group is disbanded.

Unless otherwise specified in the SG charter, SG Chairs are elected by the Executive Board and may serve an unlimited number of three-year terms.

1.5.3.5 Executive Board Executive Session

Representatives of INCITS Executive Board members and invitees of the Executive Board in attendance at executive sessions are required to maintain the confidentiality of the discussion. They may share the discussion with their INCITS Executive Board representatives, and if necessary appropriate others in their organization (e.g. management, legal counsel, and subject matter experts).

Entering into executive session can be done by a declaration from the chair or by motion.

There shall be no minutes, unless otherwise determined by the INCITS Executive Board.

1.5.4 Executive Board Membership

Applications for Executive Board membership shall be made in writing to the INCITS Secretariat. Applicants shall state their reasons for interest and their organization's interest category, using the list defined below.

Applications for membership in an Executive Board Committee (and notifications of membership changes, such as the designation of representatives or interest categories) shall be made either in writing to the INCITS Secretariat and the Executive Board Chair, or through the INCITS Committee Management System (ICMS).

ANSI accreditation requires that the consensus body (the Executive Board) not be dominated by any single interest category, individual or organization. No test for dominance in the Executive Board is required unless it is claimed in writing by a directly and materially affected party that a single interest category, individual or organization dominated the standards development process.

ANSI accreditation requires the standards development process to have a balance of interests. Participants from diverse interest categories shall be sought with the objective of achieving balance. If a consensus body lacks balance in accordance with the historical criteria for balance³, and no specific alternative formulation of balance was approved by the ANSI Executive Standards Council, outreach to achieve balance shall be undertaken.

Membership Interest Categories are defined below and each applicant for Executive Board membership shall declare an appropriate category at the time they apply for membership.

- **Producer – Hardware**
This category primarily produces hardware products for the Information and Communications Technology (ICT) marketplace.
- **Producer – Software**
This category primarily produces software products for the ICT marketplace.
- **Producer – General**
This category is for organizations that produce both hardware and software products for the ICT marketplace.
- **Distributor**
This category is for distributors, resellers or retailers of products/services in the ICT marketplace.
- **Service Provider**
This category provides design, documentation, testing, training or other services to the ICT marketplace.
- **User**
This category includes entities that primarily rely on standards in the use of products/services, as opposed to producing or distributing products/services.
- **Consultants**
This category is for organizations whose principal activity is in providing consulting services to other organizations.

³ See ANSI Essential Requirements, 2.3 “Balance”: *Historically, the criteria for balance are that a) no single interest category constitutes more than one-third of the membership of a consensus body dealing with safety-related standards or b) no single interest category constitutes a majority of the membership of a consensus body dealing with other than safety-related standards.*

- **Government**

This category includes any government agency or subdivision (whether at the municipal, local, state or federal level).

- **Standards Development Organizations and Consortia**

- **“Major”**

an SDO or Consortia that holds one or more Subcommittee (SC) TAG assignments, or

- **“Minor”**

an SDO or Consortia that (a) holds no TAG assignments; or (b) holds no SC TAG assignments but does hold one or more Work Group (WG) or other subsidiary TAG assignments.

- **Academic Institution**

This category is for organizations that include educational institutions, higher education schools or research programs.

- **General Interest**

This category includes all organizations that do not meet the criteria defined in one of the other interest categories.

A table of current fees for Executive Board membership is located at:
<http://www.incits.org/participation/membership-info>.

2. Task Group and Ad Hocs

2.1.1 Task Groups (TG)

TCs may establish TGs as required to deal with specific segments of work. The TC may form a TG to develop one or more related standards and/or technical reports, or a portion of one standard, or to collect data or study a particular problem to facilitate decisions.

Establishment of a TG is approved by vote of the TC with notification to the Executive Board.

All reports of establishment of TGs must include the proposed scope and program of work for the TG when it is forwarded to the Executive Board.

Upon approval of its parent TC and written notification to the INCITS Secretariat, a TG may be delegated complete responsibility for its projects internationally and be assigned corresponding TAG assignments. In these cases, the TG may input directly to the international SC or WG with notification to its parent TC. These TGs shall follow 9.3.3.3, Task Group Voting Methods and Approval Criteria, in all instances.

2.1.2 Ad Hocs

An Ad Hoc may be established by the Chair of the Executive Board, a Technical Committee, or a Task Group for one or more specific short-term tasks. Its function is to do a specific job and report back to the parent body.

Membership in an Ad Hoc is limited to members of the parent body, unless approved by the Chair of the parent body. Ad Hoc Chairs are appointed by the Chair of the parent body.

At each meeting of the parent body which constituted the Ad Hoc, an existing Ad Hoc shall either be reconstituted or dissolved.

The minutes of each parent body meeting shall include a section listing all created or reconstituted ad hocs that exist as of the end of the meeting. For each ad hoc shown, the minutes shall include a list of all individual ad hoc members, and further indicate whether the individuals are members of the parent body or not.

Since an Ad Hoc is limited in duration and scope, its business may be conducted less formally than that of INCITS Organizational Entities (IOEs). The principal record-keeping effort should be the documentation of its meeting report. Meeting notices and agendas for Ad Hocs shall be distributed in advance of meetings on a schedule suitable for Ad Hoc planning.

3 Officer Appointments

3.1.1 General Procedures

At the time an IOE elected officer position becomes vacant or within six months prior to an incumbent officer's term expiring, a call for volunteers for candidates to fill the officer position shall be issued to the IOE.

In the event of two or more officer positions from an IOE being filled at the same time, the INCITS Secretariat shall stagger the IOE officer appointment process for those offices (i.e., conclude one election before closing the call for another position) in order to allow candidates to apply for more than one vacancy.

When a new IOE is formed, the INCITS Secretariat shall appoint a convenor and issue a call for volunteers for candidates to fill the officer positions. Until a Chair has been elected, the convenor shall perform the duties of the Chair.

Each volunteer candidate, whether for appointment or reappointment, must submit to the INCITS Secretariat the following documentation in support of their candidacy:

- a statement of experience, indicating the volunteer's expertise in the IOE's program of work, voluntary standards efforts, committee experience, and leadership abilities;
- a statement of management support acknowledging the additional workload, financial resources, and duties required of an officer over and above that of a technical participant; and
- a statement as to whether or not the candidate is a representative of a U.S. National Interested Party.

Statements of management support on behalf of officer candidates must be submitted from those organizations that are affected by the additional workload and financial resources required. Letters of management support should indicate a commitment for at least one year, although commitment for the full term of office is preferred.

3.1.2 TC, TG, and SG Officer Appointments

The Executive Board and USNC TMC is the officer appointment body for Chair positions in all TCs, TGs and SGs. When qualified candidate(s) apply for the position, the INCITS Secretariat shall issue a TC, TG or SG advisory fourteen-day letter ballot (LB). This LB shall contain the names of all qualified candidates with a request to indicate the candidate that the member prefers to fill the vacant position; or in the case of a single candidate, whether that candidate should fill the position. The Secretariat shall furnish the Executive Board the documentation provided by the candidates and the summary of the results of the advisory TC, TG or SG LB and the Executive Board shall take final appointment action.

When Executive Board appointment action is completed, the information should be forwarded to USNC Office for final approval. Once approved by USNC TMC, the INCITS Secretariat shall advise the TC, TG or

Revalidation is also required for all USNC TAGs upon significant revision of USNC Model Operating Procedures. Sufficient time will be provided to revalidate.

Note: It is anticipated that INCITS Secretariats will be reminded annually of their obligations to revalidate by the USNC office.

5.4 Amendments to USNC TAG Operating Procedures

The Executive Board may change these policies and procedures or adopt additional policies and procedures at any time (hereinafter "Amendment"), subject to the following.

Any Amendment to these procedures shall be originated by the PBC. Prior to submitting the Amendment to the Executive Board for consideration, the PBC shall initiate a notice and comment period of not less than 30 days to PBC and USNC TAG, and shall consider any comments received in its proposal that it submits to the Executive Board; the Executive Board shall then vote by a 14-day LB using the 2/3 Voting Rule.

If the Executive Board votes to approve the proposed Amendment, the Executive Board shall submit the Amendment to USNC TMC for approval. If USNC approves the proposed Amendment, the Executive Board shall provide Members with a notice period of not less than fourteen (14) days before the Amendment will go into effect.

7. USNC TAG Administrator / USNC TAG Secretary

⁴ When the USNC has the opportunity to appoint Conveners or Experts to IEC WGs, PTs, MTs, etc. it is the responsibility of the related USTAG to select the best qualified individual(s) for the position. Such individuals shall be adequately supported to accomplish their mission. The names and addresses of the nominees are submitted by the TA/USTAG Secretary to the USNC office, which in turn officially makes the appointment in the Expert Management System (EMS). Changes in U.S. Experts on these groups shall be processed by the USNC office.

7.1 USNC TAG Administrator

The USNC TAG shall be administered by INCITS Secretariat appointed by the INCITS Executive Board and USNC/TMC.

Note: When a new IEC Technical Committee, Subcommittee, or Systems Committee is established on which the USNC is registered as a Participating Member or when a currently assigned USNC TAG Administrator/Secretariat is relinquishing that responsibility, the USNC Office will invite, via ANSI's *Standards Action* publication, expressions of interest in this assignment from qualified entities.

7.2 USNC TAG Secretary

The INCITS Secretariat shall appoint a USNC TAG Secretary, an individual who is responsible for the day-to-day administration of the USNC TAG.

Among the responsibilities of the USNC TAG Secretary are the following:

- a) Support the TA/chair in organizing and maintaining the USNC TAG.
- b) Provide for administrative services, including arrangements for USNC TAG meetings, timely preparation and distribution of documents related to the work of the USNC TAG, and maintenance of appropriate records, including USNC TAG rosters, minutes of meetings and voting results.⁵ Requires full electronic document handling and communication capability to meet USNC and ISO/IEC JTC 1 requirements.
- c) In accordance with ISO/IEC JTC 1, USNC, and its own approved procedures, arrange for the distribution of IEC documents to USNC TAG members, identified interested parties, collection and correlation of comments, and preparation of suitable U.S. documents for transmission, through the USNC Office, to the IEC Central Office when such documents are necessary or desirable. When requested by a U.S.-Appointed Expert, arrange for distribution of appropriate MT, PT, and WG documents to the USNC TAG for preparation of suitable comments for the Expert.

Records concerning withdrawn standards shall be retained for at least five years from the date of withdrawal."

- i) Attend required training sessions.

7.3. Officers

There shall be a Chair, who may be the TA, and other Officers if desired, appointed by the TA from the individual members of the USNC TAG, subject to voting rules outlined in Section 9. Each will serve until a successor is selected and ready to serve.

8. Membership

Membership shall be open to all U.S. national interested parties who indicate that they are directly and materially affected by the activity of the USNC TAG, after being informed concerning the USNC TAG's working procedures and scope of activities. Only U.S. National Interested Parties shall have voting membership on USNC TAG. Prospective members may attend one meeting of a USNC TAG before requesting membership. In that meeting, the prospective member shall not be entitled to vote or exercise other benefits of INCITS membership.

There shall be no undue financial barriers to participation. The USNC and INCITS assesses an Individual Participation Fee annually. Some categories of membership are exempt from this fee, e.g. Resource Experts, USNC Honorary Life Members, Consumer Advocates, etc. Participation shall not be conditional upon membership in any organization, or unreasonably restricted on the basis of technical qualifications or other such requirements.

INCITS membership fees are not refundable.

Any organization believing there is justification to obtain a full or partial waiver of the INCITS Secretariat service fee may apply in writing to the INCITS Secretariat. The requester should provide documentation that would enable the INCITS Secretariat to make a recommendation to the President of ITI for final action. Waiver requests shall be handled in strict confidence. Results of the request are conveyed directly to the requester and are not reported to any other individual or group.

8.1 Maintenance of Rosters

The USNC Office shall be the office of record for USNC TAG membership rosters with assistance from INCITS Secretariat. An individual becomes a USNC TAG member only upon completion of the requirements below, payment of any fees, and upon addition to the USNC Roster.

8.2 Application

The [online membership application](#) found in ICMS may be used for SG, TC and TG membership applications. An organization may be a member of a particular TC or a TG without regard to membership in any other IOE. Voting membership in TCs, TGs, and SGs is open to all directly and materially affected parties that meet attendance and voting requirements and pay the designated service fee(s).

The definition of "organization" for membership and voting purposes is specified in Glossary.

An INCITS Membership agreement shall be signed and returned by an authorized individual or legal counsel of the organization prior to your membership request being processed.

A representative of a prospective voting member shall initially attend a meeting without voting privileges and reaffirm interest in the work of INCITS. Voting privileges for the organization become effective immediately with execution of the INCITS Membership Agreement, attendance by designated representatives at one of the next two successive meetings and upon receipt by the Secretariat of applicable fees for the membership year. Failure to attend one of those two successive meetings constitutes suspension of the application for voting membership. To resume the process, the organization must attend two of three sequential meetings to obtain voting membership.

Note: Applicants are expected to understand and abide by the ANSI conflict of interest policy, this document, INCITS policies, INCITS anti-trust guidelines, INCITS patent policy, and INCITS patent declaration form.

8.3 Recommendation

The TA / INCITS Secretariat shall consider:

- a) the appropriateness of the involvement of each interest in the work of the USNC TAG
- b) the potential for dominance by a single interest
- c) the extent of interest expressed by the applicant, and the applicant's willingness to participate actively

8.4 Diverse Interests

The policy of "One Organization, One Vote" applies. If, however, representatives from distinct entities of an organization can demonstrate independent interests and authority to make independent decisions in the area of the activity of the USNC TAG, each may apply for membership.

8.5 Combined Interests

When appropriate, INCITS Secretariat may recommend that the applicant seek representation through an organization that is already represented by a member who represents the same or similar interests.

8.6 Resource Expert

A USNC TAG shall be allowed to designate, each year, one individual as a "Resource Expert" (RE). If a USNC TAG wishes to nominate an additional RE, justification must be submitted to the INCITS Executive Board and USNC Office. The RE should be an individual whose knowledge and expertise are deemed vital for the USNC TAG's work and is unable to obtain the needed funding for USNC TAG membership from their employer or other sources. This RE shall be exempt from paying the applicable annual USNC TAG Participation Fee. The USNC TAG RE shall be nominated by the TA, elected by vote of the USNC TAG and INCITS Executive Board, and confirmed by the USNC Office for a period of one year. The RE shall count towards the minimum number of USNC TAG participants required to establish a viable USNC TAG.

8.7 Participation in International Working Groups and Study Groups

928 All U.S. experts who participate in international WGs and SGs shall be:

- 929 • representatives of voting or advisory members in Good Standing of the appropriate USNC TAG;
- 930 • individual experts who are not members of the TAG; however, all persons participating in this
- 931 capacity shall not participate for more than a single 6-month period; or
- 932 • Emeritus Members of the appropriate U.S. TAG, if approved by the Executive Board to
- 933 participate in the WG or SG.

934 Such individuals are expected to conduct themselves in a professional manner. A USNC TAG member
935 wishing to be appointed by the U.S. as an expert to a particular MT/PT/WG shall submit a request to the
936 INCITS Secretariat accompanied by:

- 937 a) A Curriculum Vitae (CV) highlighting experience in the specific technical area
- 938 b) A letter from the applicant's employer confirming support for the participation
- 939

940 The INCITS Secretariat shall circulate a ballot to the USNC TAG along with a copy of the CV to confirm
941 support for the U.S. appointment. The ballot should highlight the following areas for consideration by
942 USNC TAG members:

- 943 a) Experts should have significant experience in the subject, as technical expertise in the subject of
- 944 the Maintenance Team, Project Team, or Working Group is critical
- 945 b) Experts should be involved in national standardization for the subject
- 946 c) Experts should represent personal knowledge, not company or national position
- 947 d) Experts should have strong communication skills
- 948 e) Experts should be able to travel and participate in meetings
- 949 f) Experts are expected to actively participate in the development of U.S. comments
- 950 g) Multiple experts from the same company division, product line, or service line should be
- 951 avoided except when transitioning from one expert to another, such as due to an impending
- 952 retirement
- 953 h) Balance between interest groups such as those shown below is desirable, but may not be
- 954 practical:
 - 955 i. **Producer** - Individuals who are involved in the production, manufacture, or distribution of
 - 956 the type of product or system that is included in the Scope of the standard(s) under the
 - 957 purview of the MT/PT/WG. This includes individuals involved in the design, engineering
 - 958 support, manufacturing, testing, and/or marketing of the type of product or system; or
 - 959 who are employed by or represent a producer, manufacturer, or distribution of the type
 - 960 of product or system.
 - 961 ii. **User** - Individuals who are involved in using the type of product or system that is included
 - 962 in the Scope of the standard(s) under the purview of the MT/PT/WG, but who are not
 - 963 involved with the production, manufacture or distribution of that type of product or
 - 964 system.
 - 965 iii. **Testing / Certification** - Individuals who represent organizations that provide testing,
 - 966 assessment and/or certification of the type of product or system that is included in the
 - 967 Scope of the standard(s) under the purview of the MT/PT/WG.

- 968 iv. **Regulatory / Inspection** - Individuals who represent governmental entities having
969 regulatory or inspection interest in or influence over the type of product or system that is
970 included in the Scope of the standard(s) under the purview of the MT/PT/WG.
- 971 v. **Special Expert** - Individuals who have expertise in an aspect of the type of product or
972 system that are not covered by another interest group.
973

974 After a positive vote of the USNC TAG, the INCITS Secretariat will notify the USNC Office of the proposed
975 appointment using the designated USNC Expert Appointment form. The USNC Office will then confirm
976 USNC TAG membership. The official appointment will be made in the IEC Expert Management System.

977 The INCITS Secretariat maintains a list of approved experts along with the appropriate ISO/IEC
978 Stakeholder Categories for each expert and shall coordinate updates to the expert list with USNC. This
979 information shall be entered into the IEC Expert Management System in order for the expert to be
980 considered a member of the international group, attend meetings and receive documents. There are no
981 national body delegations in international WG and SG meetings.

982 A U.S. person who holds an international officer position as Chair or Convenor of a Working Group or
983 Study Group shall not act as U.S. Head of Delegation or chief spokesperson to that group or to its parent.

984 No U.S. persons are permitted at an international meeting unless they are approved U.S. experts to the
985 WG or SG, officers of the WG or SG, or designated representatives of other organizations participating in
986 the meeting.

987

988 **8.8 Appointed Delegates to ISO/IEC JTC 1 SC Meetings**

989 All delegates to ISO/IEC JTC 1 SC meetings shall be members of the USNC TAG. Such delegates are
990 expected to conduct themselves in a professional manner. **Observers to JTC 1 SC meetings need not be**
991 **members of the USNC TAG but shall be approved by the USNC TAG.**

992 **8.9 Consumer Advocate**

993 Annually, a USNC TAG can nominate one Consumer Advocate to the USNC Office and, with the
994 endorsement of the INCITS Executive Board and USNC TMC in accordance with the related Fee Waiver
995 Procedure, the annual USNC TAG Individual Participation Fee can be waived. An authorized Consumer
996 Advocate shall count towards the minimum number of USNC TAG participants required to establish a
997 viable USNC TAG.

998 a)
999

1000 **8.10 Representation of Interests**

1001 All directly and materially affected U.S. national interested parties shall have the opportunity for fair and
1002 equitable participation without dominance by any single interest.

1003 Dominance means a position or exercise of dominant authority, leadership, or influence by reason of
1004 superior leverage, strength, or representation. The requirement implicit in the phrase “without
1005 dominance by any single interest” normally will be satisfied if a reasonable balance among interests can
1006 be achieved.

Unless it is claimed by a directly and materially affected person that a single interest dominated the standards activity, to the exclusion of fair and equitable consideration of other viewpoints, no test for dominance is required.

8.11 Membership Roster

The INCITS Secretariat shall maintain a roster of USNC TAG participants:

The roster shall include the following:

- b) Technical Advisor(s)
- c) Deputy Technical Advisor(s) (same as for TA)

- e) Other USNC TAG Officers (if applicable)
- f) Voting Members, including USNC Honorary Life Members, Resource Experts, and Consumer Advocates and each individual's designated category
- g) U.S. Conveners and Experts
- h) Non-Voting Participants including:
 - i. Advisory Members
 - ii. Emeritus Members
 - iii. USNC TAG-appointed Liaisons
 - iv. Observers
 - v. Ex-officio Participants

The TA or INCITS Secretariat shall submit updates to the USNC Office (USNC@ansi.org) when changes occur. The roster shall include the affiliation, mailing, phone, and email information of each participant.

8.12 Membership Obligations

Members are expected to participate actively by fulfilling attendance, voting, correspondence, paying dues and any other obligations. Members are expected to conduct themselves in a professional manner.

8.13 Limits on Voting Membership

The following criteria apply to Voting Members.

8.13.1 Government

There shall be only one voting membership for separate government subdivision or agency. A separate government subdivision or agency is defined as an entity that reports to its parent executive, legislative, or judicial branch of government.

Note: On TCs, TGs, and SGs, the U.S. Department of Defense (DoD) is allowed a maximum of four votes from separate and unrelated entities such as the Department of Army, Department of Navy, Department of Air Force, Defense Logistics Agency, Defense Mapping Agency, etc. This exception is due to the unique nature of the DoD and is, therefore, not considered a precedent for any further exceptions.

1044 8.13.2 Academic Institutions

1045 There shall be only one voting membership for each separate educational institution. A separate
1046 educational institution is defined as an entity that has a controlling body, such as a Board of Regents.

1047 8.13.3 SDOs, Consortia

1048 There shall be only one voting membership for each separate organization. For these entities, their
1049 principal and alternate representatives may be employed by other organizations that have voting
1050 memberships.

1051 8.13.4 All Other Organizations

1052 This category shall include Producer-General, Producer-Hardware, Producer-Software, Distributor,
1053 Service Provider, Users, Consultants and Other Organizations.

1054 There shall be only one voting membership for each separate business entity or consultant.

1055 For membership on the Executive Board, a business entity will not be considered separate if it is under
1056 the Control of another business entity. "Control" means direct or indirect beneficial ownership of or the
1057 right to exercise (i) greater than fifty percent (50%) of the voting stock of that entity, or (ii) greater than
1058 fifty percent (50%) of the ownership interest representing the right to make the decisions for that entity
1059 in the event that there is no voting stock or equity.

1060 In order to be in the voting member category, consultant organizations shall declare that their
1061 participation is not being funded by any organization already having voting membership or by an
1062 organization that is not eligible for membership.

1063 **8.13.5 Non-voting Members**

1064 8.13.5.1 Advisory Members

1065 All advisory memberships are non-voting memberships.

1066 Any party that pays the designated service fee can be an advisory member of a TC, TG or SG; there are
1067 no Advisory Members of the Executive Board.

1068 A party with advisory membership shall appoint one and only one principal representative and may
1069 appoint one or more alternate representatives.

1070 8.13.5.2 Emeritus Members

1071 The Emeritus Member title recognizes individuals for their extensive contribution to standards activities
1072 and enables INCITS to call on their extensive history and talent for continuity following their retirement
1073 from the ICT industry.

1074 A nomination for appointment as an Emeritus Member shall be made either by resolution of the
1075 sponsoring TC, TG or SG; or by the INCITS Secretariat. The recommendation may be proposed once the
1076 individual meets the following requirements:

- 1077
- must not be a representative of a dues-paying member of the committee;
 - shall have served on an INCITS TC, TG or SG for a minimum of 10 years; and
 - shall have made significant contributions to standards efforts.
- 1078
- 1079

1080 The nomination shall include the following details:

- 1081
- the time of service on the committee (dates);
 - the organizational affiliation at the time of last participation on the committee;
- 1082

- 1083 • a history of the contribution made by the individual; and
- 1084 • the date of retirement from the ICT industry.

1085 Such recommendations shall be submitted to the INCITS Secretariat and forwarded to the Executive
1086 Board for consideration in a meeting.

1087 Emeritus Members hold non-voting, non-dues-paying memberships in relation to a specific TC, TG or SG.

1088 Individuals appointed as Emeritus Member shall continue to hold their Emeritus Member title as long as
1089 all requirements noted above are met. Emeritus Members may resign their position as described in
1090 Section 8.14, Resignation of Membership.

1091 Emeritus Members shall not count in any calculations for quorum or voting in the TC, TG or SG. The TC,
1092 TG or SG's membership roster and Annual Report shall identify Emeritus Members.

1093 8.13.5.3 Observers

1094 Prospective members may attend one meeting of an INCITS Organizational Entity (IOE) before
1095 requesting membership. In that meeting, the prospective member shall not be entitled to vote or
1096 exercise other benefits of INCITS membership. **8.13.5.4** Ex-Officio Participants

1097 USNC TAGs may include Ex-Officio participants by virtue of their office. These contacts are exempt from
1098 the USNC TAG Individual Participation Fee and do not vote. They include the following:

- 1099 a) U.S. Chair or Vice Chair of related ISO/IEC JTC 1 and ISO/IEC JTC 1 SCs
- 1100 b) U.S. Secretaries or Assistant Secretaries of related ISO/IEC JTC 1 and ISO/IEC JTC 1 SCs

1101 Note: The INCITS Secretariat and ANSI JTC 1 Secretariat are ex officio non-voting members of the
1102 Executive Board.

1103 8.13.5.5 Liaison Participants

1104 The Liaison is responsible for monitoring the activities of the liaison organization and disseminating
1105 relevant information from or about the liaison organization. USNC TAGs may designate Liaison
1106 participants from other bodies with which ongoing contact is desired.

1107 Liaison relationships nominated by another organization shall be approved by the IOE. If specified in the
1108 Ad Hoc terms of reference, Liaisons may participate in Ad Hocs for that IOE.

1109 There are no liaison members to the Executive Board or to the Executive Board Committees. If specified
1110 in the SG terms of reference, Liaisons may participate in SGs.

1111 These contacts are exempt from the USNC TAG Individual Participation Fee and do not vote. They
1112 include the following:

- 1113
- 1114 a) desired contacts for all Full IEC Members of FINCA (Forum of the IEC National Committees of
1115 the Americas), subject to the authorization of the related USNC TAG(s)
- 1116 b) entities with which the USNC TAG desires to maintain technical liaison

1117 leadership for USNC TAG for ISO/IEC JTC 1 SC participating in the INCITS Executive Board, and the
1118 Leadership for the USNC TAG of the Executive Board participating in the USNC TAGs for the ISO/IEC JTC
1119 1 SCs. This reciprocal relationship is highly recommended.

1120 **8.14** Resignation of Membership

Resignation of membership in USNC TAG should be made by correspondence to the INCITS Secretariat and the TAG TA/Chair.

8.15 Termination of Membership

8.15.1 Executive Board

Members of the Executive Board shall be terminated by the INCITS Secretariat for failure to pay appropriate service fees within the time specified by the INCITS Secretariat.

8.15.2 TCs, TGs and SGs

Voting Members of the TCs, TGs and SGs shall be warned in writing that their organizations' voting status is in jeopardy upon failure of the organization to:

1. attend two out of three successive meetings. If they are not represented at the next meeting, the organization is converted to Advisory status; or
2. return two out of three successive non accelerated LBs. If the next non accelerated LB (identified by LB number) after the warning is not returned, the organization is converted to Advisory status.

For Task Groups that do not have direct TAG authority, ballot jeopardy does not apply.

Jeopardy notices shall be issued to the member organization within two weeks of the second meeting missed or within two weeks of the second non-accelerated ballot not returned.

Voting and advisory memberships shall be canceled by the INCITS Secretariat for failure to pay appropriate service fees within the time specified by the INCITS Secretariat.

An organization that has had its voting membership converted to Advisory status or terminated may re-establish membership. If this membership is re-established within the same billing period and the organization has paid its fee, no new service fee shall be assessed by INCITS.

8.16 Review of Membership

The INCITS Secretariat shall review the membership list annually. Members are expected to participate actively by fulfilling attendance, voting, correspondence, and other obligations. Where a member is found in default of these obligations, INCITS Secretariat and USNC Office may take an action in accordance with Section 8.15, Termination of Membership. The USNC Office and INCITS Secretariat shall coordinate the reconciliation of USNC TAG rosters on an annual basis.

8.17 Document Access and Membership Benefits

Access to INCITS internal information shall be managed to facilitate the work of the committees, to enhance the value of INCITS membership, to maintain compliance with the INCITS IPR policy and to mitigate liabilities to the INCITS organization. Committees shall nominally make certain document types and membership benefits available according to the lists below.

By default, separate document registers are created for each TC and any TGs in that TC. Access is limited to the member of that INCITS TC or TG (or extended via the "public access" model described below). Alternatively, by a TC majority vote, the TC may choose one of two other access models:

- Separate registers are maintained for the TC and its subordinate TGs, but all members of the TC and its subordinate TGs have access to all document registers within the TC and TGs; or

- A single document register is maintained for the TC and all its subordinate TGs, and all members of the TC and its subordinate TGs have access to this one register.

Except for the document types listed as “Public”, all other document types are for internal INCITS use only and shall not be distributed to non-Members.

a. Public (the following document types may be distributed to the general public)

- i. Organization structure
- ii. Program of work
- iii. Membership list (by organization only)
- iv. Press releases
- v. Notification of new work, when approved

- iii. Representatives of voting members may serve as delegates to international meetings
- iv. Representatives of voting members may hold national and international offices

c. TC, TG and SG Members

e. Liaisons from other Organizations

- 1197 i. Liaisons have access to the document register for their specific committees and documents
1198 that are shared with the committee. Liaisons may distribute INCITS documents within their
1199 member organization to the extent necessary to perform their INCITS roles and
1200 responsibilities.
- 1201 ii. Eligible to attend or participate at meetings
- 1202 f. Ex-officio Members
- 1203 i. Ex-officio members have access to the document register for their specific committees and
1204 documents that are shared with the committee.
- 1205 ii. Eligible to attend or participate at meetings

- 1207 i. Emeritus members have access to the document register for their specific committees and
1208 documents that are shared with the committee.
- 1209 ii. Eligible to attend or participate at meetings
- 1210 iii. If approved by the Executive Board, Emeritus Members may be permitted to serve on
1211 delegations to international meetings but shall not serve as a U.S. Head of Delegation (HoD)
1212 or hold any international office.
- 1213 iv. Emeritus Members shall not have the right to hold any office in INCITS or to participate in
1214 Executive Board activities.
- 1215 By a 2/3 vote of the committee, TCs and their subgroups have the option, of making all documents
1216 available to the public, with the following exceptions:
- 1217 • Confidential liaison reports and confidential documents from liaison organizations;
 - 1218 • Documents regarding personnel issues;
 - 1219 • ISO/IEC JTC 1 documents that are not publicly available; or
 - 1220 • International position documents.
- 1221 By a 2/3 vote of the committee, a TC and its TGs may rescind its decision to utilize public access at any
1222 time. TCs and their TGs which choose to provide or rescind public access must notify the INCITS
1223 Secretariat within 30 days of their decision.
- 1224 When documents normally restricted to members are made available to the public via access to the
1225 website or via participation in a reflector, the TC or TG shall ensure that a notification is accepted by the
1226 person seeking access (the “user”) before access is granted. The notification, which will be provided by
1227 the INCITS Secretariat, shall reference the INCITS Patent Policy, the INCITS Copyright Policy, and the
1228 INCITS Antitrust Guidelines as well as other pertinent Policies and Procedures. By accepting the
1229 notification, the user:
- 1230 • Agrees that user has read the INCITS Patent Policy, INCITS Copyright Policy and the INCITS
1231 Antitrust Guidelines;
 - 1232 • Acknowledges that the activities of the committee are governed by the INCITS policies and
1233 procedures and USNC TAG policies and procedures for TAGs under USNC as specified in the
1234 reference documents available at www.incits.org; and
 - 1235 • Acknowledges that draft documents may change at any time, without notice.
- 1236 When adopting this public access model, the TC or TG may allow short-term guest attendance at
1237 committee meetings in order to facilitate the work of the committee and to encourage membership

growth. The committee shall require guest attendees to sign in and to acknowledge they have read the INCITS Patent Policy, the INCITS Copyright Policy and the INCITS Antitrust Guidelines, and that they agree to follow INCITS policies and procedures. For meetings held electronically (such as teleconferences, webinars, etc.) a scan or a fax of the sign-in form from the guest prior to the start of the meeting shall be provided.

The Executive Board may at any time take actions which could include eliminating the use of public access by a TC, TG or assessing an increased fee for members of a committee that has chosen public access.

9. [Meetings](#)

9.1 Schedule of Meetings

USNC TAG shall meet at least twice a year, either by teleconference, face to face meetings, or combination of the two. Meetings of the USNC TAG shall be open to all members. USNC TAG members are responsible to fund their own participation at USNC TAG meetings. The USNC TAG Administrator is not required to fund any participation costs.

A duly called meeting is one for which the meeting notice and draft agenda are issued in accordance with Section 8.2, Meeting Notice and Draft Agenda. A duly called IOE meeting may be called by any of the following methods:

- The majority vote of those present at a prior meeting;
- The Chair;
- The INCITS Secretariat; or
- Written request to the Chair from a quorum of the voting members of the INCITS Organization Entity.

Each agenda should include a standing item for review and confirmation of the date and location of the next meeting(s).

For TCs, TGs and SGs, a duly called meeting shall count in determining the member's attendance record. In exceptional cases, TCs, TGs and SGs may vote to continue the voting membership despite failure of the member to comply with the attendance criteria.

When a quorum is not met at such a duly called meeting or when there are fewer voting members present than the number of voting members required to approve an action, the members present may draft proposed actions for submission to the entire membership for LB or action at the next meeting. They may conduct all business not requiring voting action.

When the number of voting members in a TC/TG is insufficient to hold a quorate meeting, and when necessary to meet short-term international deadlines or similar special circumstances, the INCITS Secretariat may obtain and submit recommendations to the Executive Board for review and approval. This process shall only be used until the TC/TG regains the minimum number of voting members to hold a quorate meeting.

9.2 Meeting Notice and Draft Agenda

Meeting notices for USNC TAG, except Ad Hocs, shall be distributed no later than four weeks prior to face-to-face meetings and no later than two weeks prior to electronic meetings. All meeting notices shall be posted and distributed using the committee calendar in ICMS.

9.3 Document for Action (Two-Week Rule)

Documents for consideration at a meeting should be distributed at least two weeks prior to the meeting. Other documents sent later may be considered, but final action may only be taken in the absence of objection by any voting member present; otherwise, they must be acted upon by LB or deferred until the next meeting.

Documents may be revised during the meeting and still be considered to have met the Two-Week rule if the original document met this requirement. This provision provides a means for discussing the document and advancing the progress of the work and is not intended to permit the introduction of new or unrelated material.

The Two-Week Rule provisions shall not be applied to actions required to meet International processing deadlines and the application of the rule would result in the TAG responsibilities not being fulfilled.

9.4 Quorum

Quorum for IOEs is defined as:

- For the Executive Board, quorum is a majority of the voting membership;
- For SGs, there is no quorum required to establish a valid meeting unless they are acting as a U.S. TAG, in which case the following rule for all other IOEs shall be used; or
- For all other IOEs, quorum is one-third of the voting membership with at least four voting members present. Should the IOE have only three voting members, these members may request the Executive Board to approve a quorum of three members; the Executive Board shall vote on this request by a 14-day LB or meeting vote, using the 2/3 Voting Rule.

9.5 Minutes

All IOEs, except Ad Hoccs, are required to produce minutes of their meetings and shall submit such minutes to the INCITS Secretariat within two weeks after the meeting is adjourned. IOE draft minutes shall be reviewed and accepted by the INCITS Secretariat prior to distribution to the committee. Accepted IOE draft minutes shall be distributed to the committee within four weeks after the meeting is adjourned.

Results of Ad Hoc meetings shall be reported in accordance with Section 2.1.2, Ad Hoccs.

The required contents of minutes are as follows:

1. Date(s), location(s), Chair, Secretary, time of opening and adjournment.
2. Reference/link to the INCITS Anti-Trust Guidelines and Patent Policy.
3. Summary of significant actions taken.
4. Membership information, to include:
 - a. List of attendees, organization and role (e.g. Primary, Alternate, Advisory);
 - b. Documentation of membership changes since the last meeting, (new or terminated membership, establishment or loss of voting rights, prospective memberships;
 - c. Membership jeopardy information (failure to attend meetings or respond to non-accelerated LBs); and
 - d. Total number of voting members.
5. List of all created or reconstituted ad hoccs that exist as of the end of the meeting, including the scope of the ad hoc and a list of all individual ad hoc members, showing whether those ad hoc members are members of the parent body or not.

- 1319 6. Approved agenda (or approved changes to draft agenda).
1320 7. Approval of previous meeting minutes.
1321 8. Each motion seconded and not withdrawn, identifying maker of the motion, the fact of a second,
1322 and the voting results.
1323 9. Future meeting schedule.
1324 10. List of action items assigned to members.

1325 IOEs are encouraged to use the INCITS minutes template to produce their meeting minutes.

1326 Individual remarks or detailed transcripts need not be recorded; however, any specific statement should
1327 be recorded when requested by the Chair, group, or a member. Records of discussions and actions taken
1328 pertaining to any topic for which attendance is restricted shall not be included in the minutes, except to
1329 record that a position was developed.

1330

1331

1332 10. International Standards Development Procedures

1333 10.1 General

1334 For the purposes of these procedures, the term "Standards Projects" includes documents related to the
1335 development and approval of international standards, technical reports, and defect reports.

1336 This section covers the processing of ISO/IEC JTC 1 standards projects within INCITS when an IOE serves
1337 as the USNC TAG. The processing of ISO/IEC JTC 1 standards projects within ISO/IEC JTC 1 is covered by
1338 the Consolidated ISO/IEC JTC 1 Supplement, and the processing of other ISO/IEC TC standards projects is
1339 covered by the ISO/IEC Directives, Part 1, Procedures for the technical work.

1340 These procedures shall be used in conjunction with Annex B. Those organizations seeking and accepting
1341 any U.S. TAG administration assignments shall agree to follow these procedures.

1342 10.2 TAG Assignment

1343 The need for INCITS to establish a new TAG assignment may arise when one of the following occurs:

- 1344 • JTC 1 approves a New Work Item Proposal (NP);
1345 • JTC 1 creates a new subordinate group; or
1346 • INCITS receives a request from an organization having an established area of expertise relative
1347 to the work of JTC 1.

1348 Recommendations for TAG assignments shall be considered by the Executive Board, which shall forward
1349 its recommendation to USNC for committees under IEC management for approval. The Executive Board
1350 shall ensure that an appropriate TAG assignment is established and that all administrative
1351 responsibilities necessary to coordinate the work have been established. These responsibilities must be
1352 specific enough to permit the INCITS Secretariat to identify which organizations are responsible for
1353 specific areas of work.

1354 The administrators for U.S. TAGs to JTC 1 subgroups shall be responsible for defining the administrative
1355 responsibilities necessary to coordinate the work among all appropriate TAGs. The U.S. TAG
1356 administrators may make recommendations on TAG assignments to the Executive Board. The following
1357 list shows specific responsibilities of each U.S. TAG administrator:

- 1358 • The INCITS Secretariat, as the administrator for the U.S. TAG to JTC 1, is responsible for
1359 coordinating the work of U.S. JTC 1 SC TAGs;
- 1360 • The administrators for the U.S. TAGs to JTC 1 SCs are responsible for coordinating the work of
1361 the U.S. TAGs within that SC;
- 1362 • The administrators for the U.S. TAGs to JTC 1 WGs are responsible for coordinating the work of
1363 the project U.S. TAGs within that WG; and
- 1364 • The administrators for the U.S. TAGs to ISO/IEC TCs are responsible for coordinating the work of
1365 the U.S. SC TAGs within that TC.

1366 Any recommendation to USNC by the Executive Board regarding a TAG assignment may be appealed by
1367 an affected party directly to ANSI.

1368 In order to ensure appropriate coordination, organizations holding TAG assignments shall be voting
1369 members of the Executive Board. If an organization holding a TAG assignment wishes to relinquish that
1370 assignment, the organization shall inform the INCITS Secretariat with at least twelve months' notice and
1371 shall maintain its membership on the Executive Board for that twelve-month period.

1372 10.2.1 International Representative (IR)

1373 The duties of International Representative include:

- 1374 1. Receive and review documents of the relevant JTC 1/SC committee and ensure
1375 distribution of the documents to the committee.
- 1376 2. Review JTC 1 and JTC 1/SC meeting resolutions and documents that may require
1377 committee action.
- 1378 3. Report status of international work at each meeting and ensures timely coordination
1379 with the Vice Chair and Chair on the agenda of needed actions.
- 1380 4. Review ICMS Action Items and coordinates action with the Vice Chair and the Chair.
- 1381 5. Prepare all comments, responses and contributions using the ISO/IEC Comments
1382 Template.
- 1383 6. In conjunction with the Head of Delegation, ensure that the U.S. delegations are
1384 approved, and delegation accreditation forms are completed with the required
1385 information, considering the following:
1386 a) The call for delegates
1387 b) The sufficiency of proposed delegation with respect to the meeting agenda (e.g.
1388 technical
1389 knowledge, committee experience, international experience, negotiating skill, the
1390 training of new delegates).
- 1391 7. Serve as Head of Delegation (if appointed by the Chair) to the U.S. delegation to JTC
1392 1/SC meeting.
- 1393 8. Provides input to the US delegation to JTC1 SC Plenaries as requested by the INCITS
1394 Secretariat.
- 1395 9. Attend required training sessions.

1396 10.3 Flow of International Documents

1397 U.S. documents are those developed and approved by the appropriate USNC TAG. U.S. documents
1398 submission to USNC shall be in accordance with Section 11.5. All documents from ISO/IEC JTC 1 SCs shall
1399 enter the U.S. through USNC. The term 'documents' used in this section includes all numbered
1400 documents, ballots, comments, contributions, letters and recommended responses submitted in

1401 between international meetings; it shall not apply to documents that are created at an international
1402 meeting.

1403 All contributions, comments, and draft technical corrigenda submitted by an IOE acting as a U.S. TAG
1404 shall be approved by a 14-day LB or meeting vote, using the 2/3 Voting Rule. All votes on a JTC 1 N-
1405 numbered document, other than an NP, DTR or otherwise specified in these Procedures, shall be
1406 approved by a 14-day LB or meeting vote, using the Majority Rule.

1407 The INCITS Secretariat coordinates with USNC to provide all relevant JTC 1 SC documents to the
1408 Executive Board members and to the appropriate subsidiary U.S. TAG and its subgroups, and that
1409 documents sent JTC1 arrive at the proper group. The subsidiary U.S. TAG Administrators shall further
1410 distribute the documents to the membership of the subsidiary U.S. TAG. The INCITS Secretariat shall be
1411 responsible for distribution to their USNC TAG membership in accordance with these procedures.

1412 All documents that are developed by a USNC TAG for submission to the appropriate SC shall be
1413 forwarded by the USNC TAG IR or other designee as instructed by the INCITS Secretariat.

1414 Documents that are developed by U.S. individual experts may be directly forwarded to the WG or
1415 directly posted to the WG web site, should that WG permit those practices.

1416 Documents that are developed by U.S. individual experts (as distinguished from USNC TAG-developed
1417 documents) shall be clearly labeled as "Individual Expert Contribution". Such documents include
1418 documents developed between meetings of the ISO or JTC 1 organization and do not require review or
1419 approval by the USNC TAG or USNC TAG officers. In no case shall the USNC TAG communicate a U.S.
1420 position or send an international document directly to a TC or SC Secretariat or any TC, SC or WG
1421 Officer.

1422 Should a USNC TAG-proposed document appear to go beyond the charter of an INCITS approved project
1423 or specific INCITS instructions, the INCITS Secretariat shall send the document to the Executive Board for
1424 approval to complete the submission.

1425 10.3.1 Distribution of JTC 1 and ISO Working Group Documents

1426 IOE's may, at their option, make documents for a JTC 1 SC available through ICMS or other means
1427 provided that only authorized US experts for that WG can access documents designated in JTC 1
1428 Standing Document 23 as Defined-Access (electronic access limited to participants in the ISO/IEC
1429 System).

1430 Officers of IOE's that provide such alternative mechanisms shall make reasonable efforts to ensure that:

1431 • Only US experts recorded in the IEC Expert Management System for that WG are able to access
1432 the Defined Access WG documents, and

1433 • Access to WG documents continues to meet the requirements outlined in these procedures

1434 To avoid this complexity, Officers should consider downloading into ICMS (or providing access by other
1435 means) only those WG documents that are specified in JTC 1 Standing Document 23 as Open (no
1436 restrictions or passwords required for electronic access). US experts authorized to participate in JTC 1
1437 SC WGs are entered into the IEC Expert Management System, giving them direct access to all WG
1438 documents including those specified in JTC 1 Standing Document 23 as Defined-Access.

1439 10.4 JTC 1 SC Participation

1440 JTC 1 SC documents shall be obtained from USNC. The INCITS Secretariat shall redistribute those
1441 documents to the members of the Executive Board, with information distribution to IOEs as required. If

1442 action is required, the IOE or INCITS Secretariat shall send a recommendation to the Executive Board.
1443 When there is no relevant U.S. TAG assignment, the Executive Board shall take action.

1444 All IOE recommendations shall be forwarded by the IOE IR or other designee to the INCITS Secretariat.
1445 The recommendation shall then be distributed to or balloted by the Executive Board.

1446 **10.5 U.S. Initiation of New Work Item Proposals (NP)**

1447 The responsible USNC TAG to any JTC 1 SC shall submit a proposed New Work Item to the INCITS
1448 Secretariat. This proposal shall include a recommendation on assignment as well as an identification of
1449 other U.S. TAGs having a concern for subject matter related to the proposal.

1450 The INCITS Secretariat shall ballot the recommendation to the Executive Board. Once approved by the
1451 Executive Board, the proposal may be submitted to USNC as a U.S. proposal to JTC 1 SC for an NP ballot.

1452 For all IOEs, a U.S. proposal to JTC 1 SC for an NP shall be approved by the Executive Board, except in the
1453 case where a U.S. proposal is based on an established INCITS development or maintenance project.

1454 **10.6 Processing of NP Ballots**

1455 NP ballots (which include the prescribed NP form describing all aspects of the proposed work) may be
1456 processed in JTC 1 at two levels: (a) within a JTC 1 SC, typically when the development work will be
1457 performed by a WG within that SC; and (b) directly at the JTC 1 level, when the work will be performed
1458 by a WG reporting directly to JTC 1.

1459 In the first case, the NP form will be issued under two numbers: an SC number, for the SC ballot, and a
1460 JTC 1 number for the JTC 1 ballot.

1461 **10.6.1 Votes on NP Ballots raised at the SC Level**

1462 The USNC TAG shall distribute the NP ballot (issued under an SC number) to its committee members and
1463 shall take into consideration any objections received when responding to the SC ballot.

1464 A copy of the SC-level NP is also issued as a JTC 1 document (using a JTC 1 number) to all JTC 1 P-
1465 Members for concurrent review; this document shall be sent to the Executive Board and any comments
1466 received will be provided to the SC Secretariat and the USNC TAG.

1467 In the absence of an objection from the Executive Board on the JTC 1 document, the responsible USNC
1468 TAGs shall submit a U.S. position (answers to the NP ballot questions) to the INCITS Secretariat for
1469 submission through USNC to the international TC or SC.

1470 In addition, should the Executive Board determine that the new work would be better placed elsewhere
1471 within JTC 1, Annex JA.2.1 of the Consolidated JTC 1 Supplement provides for the possibility of a JTC 1-
1472 level decision to assign the work item to a different JTC 1 SC or WG than that named in the NP.

1473 1474 **10.6.2 Votes on NP Ballots raised at the JTC 1 Level**

1475 NP ballots raised at the JTC 1 level shall be circulated to the Executive Board by the INCITS Secretariat
1476 for review and comment. A copy of the NP shall also be simultaneously sent to all concerned U.S. TAG
1477 Administrators for review and comment within a time frame which shall permit consideration of such
1478 comments by the Executive Board.

1479 If a U.S. TAG exists for the named JTC 1 WG, the U.S. TAG shall review any comments and provide the
1480 recommended responses to the NP questions for Executive Board approval; otherwise, an Executive

1481 Board ad hoc shall be established to review any comments and develop the recommended responses to
1482 the NP questions for Executive Board approval.

1483 **10.7 Creation of Liaison Projects within INCITS**

1484 For IOEs, when a JTC 1 project is approved and if there is not already an existing INCITS project, the
1485 INCITS Secretariat shall establish an INCITS liaison project. The liaison project shall be assigned to the
1486 appropriate IOE.

1487 **10.8 Processing of JTC 1 CD Ballots**

1488 The USNC TAG shall distribute the CD ballot to its committee members.

1489 The responsible TAG, in determining a recommended U.S. position, shall take into account comments
1490 from all other TAGs and sources and shall make a concerted effort to resolve differences. Responsible
1491 U.S. TAGs shall forward the recommended U.S. position to the INCITS Secretariat for submission through
1492 USNC to the international TC or SC.

1493 The USNC TAG shall develop a position on the CD in time to meet the required international deadline.

1494 **10.9 Processing of CDV and FDIS**

1495 **10.9.1 Processing of CDV Ballots**

1496 When the INCITS Secretariat receives a Committee Draft for Vote (CDV) ballot and text from USNC, the
1497 ballot shall be distributed to the USNC TAG for a recommendation to the Executive Board.

1498 The responsible TAG, in determining a recommended U.S. position, shall take into account comments
1499 from other TAGs and sources and shall make a concerted effort to resolve differences prior to making a
1500 recommendation to the Executive Board. Any unresolved comments, all attempts at resolution, and a
1501 recommended U.S. position shall be forwarded to the INCITS Secretariat who shall initiate an Executive
1502 Board ballot of the recommended U.S. position.

1503 **10.9.2 Processing of FDIS Ballots**

1504 When the INCITS Secretariat receives a Final Draft International Standard (FDIS) ballot and text from
1505 USNC, the ballot shall be distributed to the USNC TAG for a recommendation to the Executive Board.

1506 The responsible USNC TAG shall submit a recommendation on the U.S. voting position to the Executive
1507 Board. Once the U.S. position is approved by the Executive Board, it shall be submitted to USNC for
1508 transmission to JTC 1 SC.

1509 For IOEs, if there are no substantive changes to the DAM or CDV ballot position that has been previously
1510 submitted by the U.S. then the USNC TAG Chair or IR may return the previous DAM/CDV position as the
1511 proposed FDAM/FDIS position for the Executive Board approval without the requirement for
1512 confirmation vote of the previous DAM/CDV position.

1513 Any substantively new FDAM/FDIS recommendation or comments shall be approved by the USNC TAG
1514 at a meeting or by LB. The INCITS Secretariat shall then distribute the FDAM/FDIS recommendation to
1515 the Executive Board for approval.

1516 All USNC TAGs shall meet the established JTC 1 deadlines.

1517 **10.10 INCITS Initiation of the JTC 1 Fast Track Process**

1518 The following information is needed by INCITS Secretariat to initiate the JTC 1 Fast Track process. The
1519 submission shall include:

- 1520 • The proposed Standard, Technical Report or Technical Specification;
- 1521 • The Explanatory Report as described in JTC 1 Standing Document 9;
- 1522 • the name of the project editor;
- 1523 • a recommendation on the JTC 1 SC assignment, if applicable; and
- 1524 • identification of other U.S. TAGs having a concern for subject matter related to the proposed
1525 Fast Track document.

1526 The INCITS Secretariat shall circulate the submission for 30-day review to any concerned SC, WG or
1527 Project TAG and shall initiate a concurrent announcement in the ANSI Standards Action with a
1528 subsequent ballot by the Executive Board. Once approved by the Executive Board, the materials may be
1529 submitted by ANSI to JTC 1.

1530 An IOE may decide that an approved American National Standard developed by INCITS is suitable as a
1531 candidate for JTC 1 Fast Track processing. If an IOE initiates a request for Fast Track processing of an
1532 approved, INCITS developed standard, then this recommendation shall be forwarded by the INCITS
1533 Secretariat to the Executive Board for ballot.

1534 A Fast Track Submitter may decide that an approved American National Standard developed by the Fast
1535 Track Submitter's organization and processed by INCITS as specified in Section 6.3, INCITS Fast Track
1536 Process of INCITS Organization, Policies and Procedures, is suitable as a candidate for JTC 1 Fast Track
1537 processing. If a Fast Track Submitter initiates a request for Fast Track processing of an approved
1538 standard, then this recommendation shall be forwarded by the INCITS Secretariat to the Executive Board
1539 for ballot.

1540 **10.11 U.S. Hosting of International Meetings**

1541 All JTC 1 related meetings held in the U.S. shall be at the invitation of and shall be hosted by the U.S.
1542 National Committee. Invitations to host international meetings at any level require prior approval of the
1543 appropriate TAG. Tentative offers for the U.S. to host a future JTC 1-related meeting may be made at a
1544 meeting by the appropriate U.S. Head of Delegation, contingent upon subsequent approval by the
1545 appropriate USNC TAG followed by submission of a formal invitation from USNC.

1546 INCITS TC Chairmen and subsidiary TAG Administrators shall submit U.S. offers (including required
1547 documentation) to host JTC 1 Sub-committee meetings to the INCITS Secretariat not less than 8 months
1548 prior to the international meeting, for approval by the Executive Board.

1549 The INCITS Secretariat shall be responsible for reviewing and approving requests to host international
1550 Working Group meetings in the U.S for which the INCITS holds the TAG assignment. TAG Administrators
1551 shall oversee this activity, and they shall assure financial support for the meeting and appropriate social
1552 events based on current practice. Conduct of such WG meetings shall be in accordance with the
1553 Consolidated JTC 1 Directives.

1554 The INCITS Secretariat shall maintain a seven-year calendar that lists a schedule for hosting international
1555 meetings.

1556 Prior to approval of hosting any international meeting, the organization hosting the meeting shall
1557 provide the TAG Administrator a statement of management commitment that the following provisions
1558 will be met:

- 1559 • meeting rooms;
- 1560 • confirmation that no U.S.-hosted meeting shall be held where the attendance or presence of
- 1561 U.S. or international delegate could be questioned or challenged for any reason, e.g., by a
- 1562 security sensitive host;
- 1563 • internet access for all participants;
- 1564 • refreshments;
- 1565 • a reserved block of rooms at a hotel, or a listing of hotels in the area and their telephone
- 1566 numbers;
- 1567 • an information package that includes transportation to and from the airport, local
- 1568 transportation, local restaurants, accessibility information, etc.; and
- 1569 • the contact person's name, address, telephone number and email.

1570 **10.12 Nomination of U.S. Candidates to Serve as JTC 1 SC Officers (Chair, Committee Manager,**
1571 **Assistant Committee Manager)**

1572 The Executive Board is responsible for making recommendations to USNC on U.S. Candidates to serve as
1573 JTC 1 SC officers. Candidate appointments shall be considered through a nomination process.

1574 Where the U.S. intends to nominate a U.S. candidate for an international officer position, the following
1575 steps shall be used:

- 1576 1. The INCITS Secretariat issues a call for candidates.
- 1577 2. The call goes out to:
 - 1578 a) Executive Board members; and
 - 1579 b) members of the corresponding USNC TAG.
- 1580 3. A statement of experience, indicating the candidate's expertise in the assigned program of work and
1581 in voluntary standards efforts; the candidate's committee experience and leadership experience; a
1582 statement of management support acknowledging the additional workload, financial resources and
1583 duties required of an officer over and above that of a participant; and a statement that the
1584 candidate is a U.S. National Interested Party.
- 1585 4. Upon the close of the call, the INCITS Secretariat submits the slate of candidates to the appropriate
1586 USNC TAG for its endorsement, which is then forwarded to the INCITS Secretariat.
- 1587 5. The INCITS Secretariat issues an Executive Board LB with all of the candidates listed along with the
1588 results from the USNC TAG ballot.
- 1589 6. Prior to the completion of the process detailed above, USNC TAGs shall not make a commitment to
1590 provide a candidate. They may, if appropriate, accept invitations to provide a candidate at a later
1591 date.
- 1592 7. USNC shall be requested to provide information on the expiration of terms of office or of any
1593 vacancies as they arise. It should be noted that the responsible USNC TAGs should inform the INCITS
1594 Secretariat in a "timely" fashion of pending expirations, vacancies, resignations, potential new
1595 offices, etc. for which the U.S. should consider a nomination or endorsement.
- 1596 8. Nominees for Chair positions shall be representatives of voting members in Good Standing of the
1597 appropriate USNC TAG.

1598 **10.13 U.S. Project Editors**

1599 U.S. persons accepting an international project editor assignment shall be a representative of a voting
1600 member of the appropriate TAG for the duration of that assignment. The duties of Project Editor
1601 include:

- 1602 • Collaborates with the JTC 1/SC, ITTF, and IEC Central Office for editing and publication.
- 1603 • Maintain and provide document in the electronic format(s) required.
- 1604 • Prepare documents according to the most recent edition of the ISO/IEC Directives, Part 2.
- 1605 • Report the status of the document and meet all established deadlines at each committee
- 1606 meeting at which the document will be discussed.
- 1607 • Attend any required training sessions.

1608 **10.14 Delegates for International Plenary Meetings**

1609 10.14.1 Delegates for International Meetings other than JTC 1 Working Groups & Study Groups

1610 10.14.1.1 Head of Delegation (HoD)

1611 For groups that serve as USNC TAGs to international meetings other than JTC 1 Working Groups or Study
1612 Groups, the HoD serves as chief spokesperson for the U.S. and is responsible for coordinating the
1613 activities of the U.S. delegation. A U.S. person who holds an international officer position as Chair, Chair-
1614 Elect or Convenor of a group shall not also act as U.S. Head of Delegation or chief spokesperson to that
1615 group or to its parent.

1616 HoDs are appointed by the respective USNC TAG chair; this does not preclude the USNC TAG chair from
1617 being the U.S. HoD. The HoD's term includes the time required by the USNC TAG to prepare U.S.
1618 positions before the international meeting, as well as the time for the HoD to prepare the HoD Report
1619 and report the results of the meeting.

1620 The duties of Head of Delegation (HoD) to ISO/IEC JTC 1 SC plenary meeting are:

- 1621 1. Introduce U.S. Delegation and serve as chief spokesperson for the U.S. at international
1622 meetings.
- 1623 2. Maintain working knowledge of applicable international issues and U.S. positions.
- 1624 3. Ensure that committee members have provided input to the U.S. Delegation. As a best
1625 practice, delegate instructions may be prepared.
- 1626 4. Arrange for and conduct delegation caucuses.
- 1627 5. Provide delegation assignments prior to and during meetings. Lead delegates should be
1628 assigned for each plenary agenda item and may serve as experts on their assigned
1629 topics.
- 1630 6. Maintain working knowledge of applicable international procedures (e.g., JTC 1
1631 Supplement, ISO/IEC Directives and international protocol).
- 1632 7. Develop rapport with other National Committee delegations.
- 1633 8. Prepare the Head of Delegation (HoD) Report for submission to the INCITS Secretariat
1634 within thirty days of the adjournment of the international SC plenary meeting.

- 1635 9. Ensure that U.S. offers to host international meetings comply with INCITS requirements.
- 1636 10. In cases where the HoD is not the IR, provide to the IR copies of all meeting documents
- 1637 that require action and advise the IR of any subsequent communications addressed to
- 1638 the HoD.
- 1639 11. Ensure all delegates are aware of the requirements in these procedures to be familiar
- 1640 with US positions and to promote them at the plenary.
- 1641 10.14.1.2 Selection of Delegates
- 1642 U.S. delegates to all international meetings other than JTC 1 WG and SG shall be approved by the
- 1643 responsible USNC TAG and be:
- 1644 • representatives of voting or advisory members in Good Standing of appropriate U.S. TAGs;
 - 1645 • individual experts who are not members of the TAG and serve on U.S. delegations at the
 - 1646 invitation of the TAG; however, all persons attending in this capacity shall not attend more than
 - 1647 one international meeting without prior approval by the Executive Board; or
 - 1648 • Emeritus Members of the appropriate U.S. TAG, and if approved by the Executive Board to
 - 1649 participate in the meeting.
- 1650 Voting on delegate lists shall be in accordance with these procedures. In the context of this section,
- 1651 “Appropriate USNC TAG” shall mean:
- 1652 • For an SC meeting, the specific organization with the SC TAG assignment, or a WG or project
 - 1653 TAG assignment within that SC;
 - 1654 • For a WG meeting, the specific organization with the WG TAG assignment; and
 - 1655 • For an Other Working Group (OWG) meeting (see JTC 1 Standing Document 10), the specific
 - 1656 organization with the TAG assignment covering the project.
- 1657 No U.S. persons shall be permitted at an international meeting unless they are there in an official
- 1658 capacity, i.e., members of a U.S. delegation, officers of the standards group that is meeting, or
- 1659 designated representatives of other organizations participating in the meeting.
- 1660 The Head of Delegation shall identify the presence of unauthorized U.S. persons to the Chairman or
- 1661 Convenor of the meeting. Following the meeting, the Head of Delegation shall report unauthorized U.S.
- 1662 persons (and their affiliations, if known) to the appropriate U.S. TAG and the Executive Board for
- 1663 subsequent corrective action.
- 1664 10.14.1.3 Participation
- 1665 Unless excused by the Head of Delegation, designated U.S. delegates shall attend
- 1666 • all caucuses called by the Head of Delegation, whether before or during the international
 - 1667 meeting;
 - 1668 • all USNC TAG meetings where relevant U.S. positions and assignments are developed; and
 - 1669 • all international meeting sessions.
- 1670 At the JTC 1 SC Plenary levels, all official U.S. positions shall be supported by all U.S. delegates.
- 1671 All U.S. delegates shall follow the provisions of Section 10.3, Flow of International Documents. Lead
- 1672 delegates will be assigned to each plenary agenda item and are expected to serve as experts on their
- 1673 assigned topics.
- 1674 The INCITS Secretariat shall forward a list to USNC of U.S. delegates to international meetings other than
- 1675 JTC 1 WG or SG.

1676

1677 **11. Voting**

1678

1679 All voting members of a USNC TAG shall be a member in good standing. There shall be only one voting
1680 membership per organization (see Section 8.13, Limits on Voting Membership). An alternate
1681 representative may vote only if the principal representative fails to vote.

1682 Voting by proxy shall not be permitted. A written vote on an issue to be acted upon at the meeting may
1683 be submitted by correspondence by an absent voting member provided it is received by the Chair prior
1684 to the point when the issue is brought to a vote.

1685 **11.1 Voting Practice**

1686 **11.1.1 Types of Voting Positions**

1687 Three types of voting positions are allowed:

- 1688 • Affirmative;
- 1689 • Negative; or
- 1690 • Abstention.

1691

1692 Note 1: "Abstain," in the context of the IEC/ISO voting process, indicates that the U.S. has chosen not to
1693 participate in the decision process for the inquiry in question. The decision to submit a vote of
1694 "ABSTAIN" can arise from a variety of circumstances, including the following:

- 1695 a) Inability of the USNC TAG to achieve consensus on a compromise position by any means
1696 possible within the time constraints of the ISO/IEC JTC 1 process
- 1697 b) Decision by the USNC TAG to neither support nor oppose a particular ISO/IEC JTC 1 proposal
1698 based on political considerations
- 1699 c) TA/USNC TAG/INCITS Secretariat did not submit a vote on time
- 1700 d) Insufficient USNC TAG members respond to meet quorum requirements

1701

1702 The USNC TAG is advised to consider, when attempting to reach consensus, that the international
1703 community may interpret a vote to "ABSTAIN" as follows:

- 1704 a) The U.S. does not have a stake in the ISO/IEC JTC 1 SC proposal under consideration;
- 1705 b) The U.S. does not wish to take a position because of certain considerations;
- 1706 c) The U.S. did not make the effort to submit a position; or
- 1707 d) The U.S. could not reach a conclusion.

1708 Note 2: See Annex B.6 for an explanation of the criteria suggested for determining whether to vote
1709 "AFFIRMATIVE," "NEGATIVE," or "ABSTAIN."

1710 **11.1.2 Method of Voting and Criteria for Approval**

1711 Five voting methods are permitted. These are:

- 1712 • LB;
- 1713 • Roll call vote;

- 1714 • Show of hands;
- 1715 • Voice vote; and
- 1716 • Unanimous consent.

1717 With the exception of LBs, all of the above votes are taken at a meeting.

1718 Actions that shall be approved with a LB and actions that may be approved either with a LB or with a
1719 meeting vote are found in Section 9.3.3, Actions Requiring Specific Voting Methods and the Criteria for
1720 Approval. Those tables also contain the criteria for approval of these actions. Any actions not listed in
1721 Section 9.3.3 may be approved using the Majority Rule; the Chair may select which voting Method to
1722 use from the above list. The method of meeting votes is at the discretion of the Chair unless otherwise
1723 specified in this document.

1724 LB votes may be taken on issues other than those required in Section 9.3.3. Such LBs are authorized by
1725 any of the following methods:

- 1726 • Majority vote of those present at a meeting;
- 1727 • The TA/Chair;
- 1728 • The INCITS Secretariat;
- 1729 • This document; or
- 1730 • Written request to the Chair from five or more voting members of the INCITS Organizational
1731 Entity.

1732
1733

1734 **11.2 Letter Ballots (LB)**

1735 Affirmative votes may include comments.

1736 Each Negative vote shall include reasons for the Negative position and, if possible, recommend specific
1737 modifications necessary to change the Negative position to an affirmative position.

1738 Each abstention vote shall include the reason for not taking a position.

1739 The voting period for LBs depends on the action being considered. The duration period for some actions
1740 is contained in the tables of Section 9.3.3, Actions Requiring Specific Voting Methods and the Criteria
1741 for Approval. For actions not listed there, the duration period is fourteen days unless otherwise directed
1742 by the INCITS Secretariat. The duration period for all LBs commences on the date of issue of the LB. An
1743 extension may be granted by the INCITS Secretariat when warranted and when the extension does not
1744 cause undue problems, such as failure to submit an international vote on time.

1745 All LB, with the exception of default ballots and multiple candidate personnel ballots, shall be issued
1746 using the ICMS ballot tool.

1747 **11.2.1 Executive Board Letter Ballot Resolution Procedure**

1748 The purpose of the Executive Board LB resolution procedure is to resolve any comments submitted with
1749 “Negative” votes in response to Executive Board LBs, such that those “Negative” votes might become
1750 “Affirmative” votes and indicate greater consensus with an Executive Board decision. The results of
1751 personnel ballots relating to appointments and similar actions are confidential and shall not be
1752 addressed by this process.

1753 If any “Negative” votes are submitted for an Executive Board LB:

1. The Secretariat shall notify the INCITS Executive Board Chair and Vice-Chair of any Negative votes upon close of a LB. A Resolution Meeting (RM) Chair shall be chosen by the INCITS Executive Board Chair and Vice-Chair, and the RM Chair will convene the RM to discuss the "Negative" vote(s).
2. Should any "Negative" vote contain non-substantive or non-actionable comments that could not be resolved at a Resolution Meeting, then such "Negative" vote shall not require a Resolution Meeting. In such cases, a combined agreement between the INCITS Chair, INCITS Vice-Chair and INCITS Secretariat concerning such non-substantive or non-actionable comments shall be required; in addition, the "Negative" voter must agree that it would not be appropriate to hold the Resolution Meeting. In addition, the Executive Board shall be notified that a RM was not held, indicating the concurrence of the "Negative" voter with this action.
3. A RM may take place via teleconference, email, or in person, and should be scheduled within 3-5 days of the ballot closing date. The availability of the organization(s) casting any "Negative" votes will be accommodated as a priority when scheduling the RM.
4. When arranging the time for the RM with each "Negative" voter, the INCITS Secretariat may accept written instructions to change a recorded "Negative" vote from "Negative" to "Affirmative", as desired by the voter, regardless of the comments received with the "Negative" vote. If all "Negative" voters desire to change their votes in such a fashion, the INCITS Secretariat will notify the Executive Board in writing that the Resolution Meeting will not be held to resolve comments and provide the final tally.
5. The INCITS Secretariat shall issue the RM notification to the Executive Board, including those members that did not return a vote, and the notification shall include the LB results and all comments. The Chair of the appropriate INCITS technical committee, the Fast Track submitter, the SC TAG representative, or other appropriate parties will be invited to the RM to address their interests.
6. The RM may deal with comments raised against either (a) the text in the ballot motion, or (b) the balloted text/document referenced by the motion. Any vote comments may be accepted in whole or in part. Email discussion of the issues, including positions advocating or denying the vote comments, is encouraged prior to the RM.
7. Those Executive Board member organizations casting "Negative" votes are expected to attend the RM; all other Executive Board members are strongly encouraged to participate.
8. For RMs dealing with International and Other Ballots, the procedures shown in Section 9.2.2, Ballots Concerning International Standards Processing and Other Items apply.
9. For each RM, the RM chair shall prepare a RM meeting Report showing the attendees, a summary of the actions of the RM and the attempts at disposition of all vote comments considered. The report will be distributed in writing by the Secretariat to the Executive Board.

11.2.1.1 Ballots Concerning International Standards Processing and Other Items

If the Resolution Meeting develops changes by RM consensus to either (a) the text in the ballot motion, or (b) the balloted text/document referenced by the motion, the meeting attendees shall further determine by consensus if the changes are substantive or non-substantive. The RM chair shall determine consensus.

- If the proposed changes are non-substantive, the revised ballot motion or revised text/document may be approved by action of the RM, provided that the current ballot is successful (following any changes in recorded voting positions on the current ballot, as requested by voters).

- Where proposed changes are substantive or the current ballot is not successful, the current ballot may be set aside, and a new LB containing the revised text and the RM Meeting Report may be issued to the Executive Board. Further resolution action under this section may occur as a result of voting on this ballot. Executive Board Members are requested to take into consideration any international deadlines if subsequent ballots or RMs are required.

11.2.2 Default Ballots

Default ballots are used when lack of objection presumes approval. A default ballot fails in the presence of any objections. The voting period for default ballots is fourteen days unless otherwise specified on the ballot.

11.2.3 Accelerated Letter Ballots

The INCITS Secretariat may approve an accelerated LB with a voting period of less than fourteen days.

11.2.4 Report of Final Letter Ballot Results

The final result of voting on LBs shall be made available to the membership of the committee that conducted the ballot immediately upon completion of the LB action. Although Negative votes without comments are not counted in determining whether the ballot passed, these votes shall be recorded in the results. During the balloting period, all votes shall be held in confidence between the Chair and whoever is tallying the votes.

The report of voting on personnel ballots shall only state that the candidate has (or has not) received the required approval. No tallies shall be given, and no resolution meetings shall be conducted.

Notification of the approval for all procedural changes is sent to the INCITS membership upon close of the ballot.

11.3 Definition of Criteria for Approval

The following definitions apply to all IOEs.

11.3.1 Majority Rule

For meeting votes, a majority is defined as approval by more than half of the members voting; abstentions are excluded when determining whether a majority has been satisfied. For LB votes, a majority is defined as approval by more than half of the members eligible to vote, excluding abstentions.

11.3.2 2/3 Voting Rule

The 2/3 voting rule is defined as:

- approval by at least 2/3 of those voting YES or NO; and
- approval by a majority of the voting membership. This threshold is not affected by the number of members present at the meeting for a meeting vote.

11.3.3 Actions Requiring Specific Voting Methods and the Criteria for Approval

11.4 Consideration on Views and Objections to Ballots

The TA, in cooperation with Chair and Secretary of the USNC TAG, shall determine whether the expressed views and objections shall be considered by telephone, correspondence, or at a meeting.

Prompt consideration shall be given to the expressed views and objections of all participants, including those commenting on a Final Draft International Standard (FDIS) listed in ANSI's *Standards Action* publication. A concerted effort to resolve all expressed objections shall be made and each objector shall be advised of the disposition of the objection and the reasons therefore.

Comments, including objections or differing views, shall be reported to the USNC TAG members to afford all members an opportunity, with appropriate time limits, to object to the submittal of comments to the INCITS Executive Board and USNC Office.

If a consensus position cannot be determined for some differing views, neither view shall be presented. If the differing view is with regard to voting yes or no, an abstention shall be submitted.

11.5 Submittal of U.S. Positions

U.S. positions shall be processed as follows:

11.5.1 Responsibility for Submission

Upon completion of the procedures for voting, consideration of views and objections, and appeals, the U.S. position shall be submitted to the USNC Office by INCITS Secretariat in electronic format and

utilizing the required ISO/IEC/CEN/CENELEC electronic balloting [commenting template](#) for comments. All votes and comments shall be submitted to USNC@ansi.org email address.

Some back-up mechanism among the USNC TAG Officers must be identified in the event of unusual circumstances for filing ballots that are required to maintain “P” member status for the USNC. If a USNC TAG’s recommended vote/comments are not received by the USNC Office by the required deadline, typically one week before the IEC deadline, a “STAFF ABSTENTION” will be submitted and those involved will be so notified.

The USNC Office, representing the U.S. IEC member body, is responsible for providing all official U.S. positions to IEC.

11.5.2 Information to be Submitted

By the designated deadline, normally one week prior to the announced ISO/IEC JTC 1 SC deadline, INCITS Secretariat shall transmit to the USNC Office:

- a) title and designation of the document
- b) recommended votes and/or comments, proposals, documents, or other informational material suggesting the course of action to be followed on matters before the international committee
- c) status of any appeal action related to approval of the proposed U.S. position
- d) identification of all unresolved views and objectives, names of the objector(s), and a report of attempts toward resolution

The INCITS Secretariat shall ensure transmittal of the recommendations, positions, and related reasons to the members of the USNC TAG.

The USNC Office shall transmit to the IEC Central Office or TC/SC/SyC Committee Manager votes, comments, proposals, or informational material for consideration by the international Technical Committees or Subcommittees.

Note: When a national standard is recommended as a New Work Item Proposal, the authorization of the standard’s originating organization must be obtained prior to submittal.

11.6 Conflict of Interest

In the event of a potential or apparent conflict of interest between the USNC TAG consensus position (comments or votes) and that of the TA, the issue shall be resolved in a USNC TAG meeting to the satisfaction of the USNC TAG, such that the USNC TAG has confidence that the USNC TAG’s consensus position and its interests in that subject will be advanced and championed in ISO/IEC JTC 1 SC.

The intent of this resolution is to reconcile any USNC TAG/TA differences. Should resolution between the USNC TAG and TA not be possible, other provisions or actions must be made.

International Chairpersons and Conveners are officers of their parent body committees (ISO/IEC JTC 1 SCs). In their capacity as SC Chairpersons and WG Conveners, they operate under the relevant procedures established by ISO/IEC JTC 1.

In their capacity as officers of SCs, SC Chairpersons and WG Conveners nominated or endorsed by the U.S. shall maintain an international point of view and shall not represent and advocate U.S. positions or positions of the organizations that employ them.

SC Chairpersons and WG Conveners nominated and endorsed by the U.S. shall:

- 1933 • Not serve concurrently as members or HoD of US Delegations, or US appointed experts to the
1934 SC or WG that they chair.
- 1935 • Not serve concurrently as US appointed experts to any WG or other subgroup (e.g., Ballot
1936 Resolution Meeting) of the SC or WG that they chair.
- 1937 • Represent voting member organizations of the counterpart USNC TAG, although they need not
1938 be Principal or Alternate representatives.

1939

1940 **12. Termination of USNC TAG**

1941 Failure to meet the requirements of Criteria for Viability, voting membership of TC not sufficient to meet
1942 quorum requirements or TC Program of work has been eliminated, are reasons for termination of the
1943 USNC TAG (by the INCITS Executive Board and TMC).

1944 Any directly and materially affected interested party may propose to terminate a USNC TAG. The
1945 proposal shall be submitted in writing to the INCITS Secretariat shall include the reasons why the USNC
1946 TAG should be terminated. The INCITS Executive Board shall take action in accordance with 9.3.3.1.
1947 Based on the results of the vote and concurrence of the TMC, the INCITS Secretariat and USNC Office
1948 shall take action promptly to change the USNC's ISO/IEC JTC 1 SC registration accordingly.

1949 In the event that the U.S. holds the secretariat for an ISO/IEC JTC 1 SC for which the USNC TAG is
1950 considering termination, INCITS Secretariat shall submit their position regarding termination of the
1951 USNC TAG to the USNC Office.

1952 Should termination of the USNC TAG be approved, notification of such action shall be announced in
1953 ANSI's *Standards Action* publication. The announcement shall note that dissolution of the USNC TAG will
1954 result in the U.S. relinquishing its participating ("P") status in the international activity. Also, if the U.S.
1955 serves as international Secretariat, the announcement shall state that the U.S. will resign this position.
1956 The appropriate notification(s) shall be sent to the IEC Central Office regarding the change in status, and
1957 the relinquishment of the Secretariat, if applicable.

1958

1959 **13. Communications**

1960 The primary form of USNC TAG communications shall be via electronic means through INCITS ICMS.
1961 Written correspondence of the USNC TAG, its Officers, and Secretary should preferably be on "USNC
1962 TAG correspondence" letterhead. If not, correspondence should clearly show in the title/subject that it
1963 concerns USNC TAG matters. E-mail correspondence should indicate in the subject field that it is USNC
1964 TAG business.

1965 External communications such as inquiries relating to the USNC TAG should be directed to the TA and/or
1966 the TAG Secretary, and members should so inform individuals who raise such questions. All replies to
1967 inquiries shall be made through the TA/chair or INCITS Secretariat.

1968 **14 Reports and Review**

1969 **14.1 Technical Activity Annual Reports**

1970 In order to maintain the management continuity of the entire INCITS program and to keep the Executive
1971 Board informed on matters pertaining to the overall organization, membership, management, and
1972 policy, TC Chairs and SG Chairs reporting to the Executive Board shall submit an annual report. This

report shall use the procedures and instructions contained in the TC Annual Report Template and shall be delivered to the Executive Board for review on a time schedule developed by the Executive Board.

These reports should contain information regarding the progress of the work program and identify any significant problems that are impacting the work program's objectives.

Chairs or other designated officers of TCs and SGs reporting to the Executive Board shall attend the meeting at which the annual report is presented and reviewed.

The annual report shall identify any TC/TG/SG internal procedures, or changes to such internal procedures, to the parent body for approval through inclusion in the annual report. At other times and prior to implementation, TC/TG/SG internal procedure revisions shall be submitted to the INCITS Secretariat for approval by the Executive Board and if it is a USNC TAG, approval by TMC.

14.2 Head of Delegation Reports

Within four weeks of an international meeting, all IOE HoDs are required to submit their HoD reports to the INCITS Secretariat for Executive Board review. The INCITS Secretariat shall submit all HoD reports to ANSI and for USNC TAGs to USNC. Meeting reports shall include the attendance and resolutions from the meeting. Meeting reports are not required for WG, Ad Hocs, or Task Force meetings.

15. Appeals Procedure

15.1 Right of Appeal

U.S. National Interested Parties who have directly and materially affected interests and who believe they have been or will be adversely affected by any procedural action or inaction relative thereto and within the INCITS jurisdiction shall have the right to appeal.

15.2 Appeals Principles

The following general criteria are adopted:

- Appeals shall be addressed promptly, and a decision made expeditiously;
- The right of the involved parties to present their cases shall not be denied;
- These procedures shall provide for participation by all parties concerned without imposing an undue burden on them;
- Consideration of appeals shall be fair and unbiased and shall fully address the concerns expressed; and
- Records of appeals shall be kept and made available upon request. The INCITS Secretariat may levy a nominal charge to cover the cost of reproduction, handling and distribution for requests received from other than the involved parties.
- INCITS will not hear technical appeals. Comments of a technical nature should be forwarded to the appropriate INCITS Technical Committee.

15.3 Complaint

The appellant shall file a written complaint with the INCITS Secretariat within fifteen calendar days after the date of notification of the action being appealed or at any time with respect to inaction or omissions. The complaint shall state the nature of the objections(s) including any adverse effects, the section(s) of these procedures of the specific actions or omissions that are at issue, and the specific

remedial action(s) that would satisfy the appellant's concerns. Previous efforts to resolve the objection(s) and the outcome of each shall be noted.

15.4 Response

Within thirty calendar days after receipt of the complaint, the INCITS Secretariat shall respond by correspondence to the appellant, specifically addressing each allegation of fact in the complaint.

15.5 Hearing

If the appellant and the INCITS Secretariat are unable to resolve the complaint informally in a manner consistent with these procedures within fifteen calendar days from receipt of the INCITS correspondence, the INCITS Secretariat shall schedule a hearing with an appeals panel on a date agreeable to all participants but within forty-five calendar days from receipt of the INCITS correspondence, giving at least ten calendar days' notice. If there is not a mutually agreeable date, the Secretariat shall set the date and time for the appeal hearing. Should any party of interest not be present at the meeting, the decision of the appeals panel shall be based on the written submissions and any presentations made by the parties.

15.6 Appeals Panel

The appeals panel shall consist of three individuals who have not been directly involved in the matter in dispute. At least two members shall be acceptable to the appellant and at least two shall be acceptable to the INCITS Secretariat. The appeals panel members shall be selected as follows:

- The appellant selects one;
- The INCITS Secretariat selects one; and
- The appellant and the INCITS Secretariat mutually agree on one.

In the event the appellant does not wish to select a panelist or a third panelist cannot be agreed upon, the INCITS Secretariat shall appoint these individuals to the panel in order to hold a hearing.

The appeals panel shall convene at the INCITS Secretariat office unless another mutually agreed site is selected.

15.7 Conduct of the Hearing

The appellant has the burden of demonstrating adverse effects, improper procedural actions or inaction, and the efficacy of the requested remedial action. The INCITS Secretariat has the burden of demonstrating that INCITS and the INCITS Secretariat took all actions in compliance with these procedures and that the requested remedial action would be ineffective or detrimental. Each party may adduce other pertinent arguments, and members of the appeals panel may address questions to either party. *Robert's Rules of Order Newly Revised* shall apply to questions of parliamentary procedure not covered herein for the hearing.

15.8 Decision

The appeals panel shall render its decision to all participants in writing within thirty calendar days of the appeals panel meeting, stating findings of fact and conclusions, with reasons therefore, based on a

preponderance of the evidence. Consideration may be given to the following positions, among others, in formulating the decision:

- Finding for the appellant, remanding the action to the Executive Board or the INCITS Secretariat with a specific statement of the issues and facts in regard to that fair and equitable action was not taken;
- Finding for the INCITS Secretariat with a specific statement of the facts that demonstrate fair and suitable treatment of the appellant and the appellant's objections; and
- Finding that new, substantive evidence has been introduced, and remanding the entire action to the Executive Board or the INCITS Secretariat for appropriate reconsideration.

Records of appeals shall be kept and made available upon request. The INCITS Secretariat may levy a nominal charge to cover the cost of reproduction, handling and distribution for requests received from other than the involved parties. Any fees for appeals shall be predetermined, fixed and reasonable. It is INCITS' policy to waive or reduce fees for appeals upon submission of a justified request, with approval by the INCITS Secretariat.

15.9 Further Appeal

If the appellant gives notice that further appeal to the USNC TMC is intended, a full record of the complaint, response, hearing, and decision shall be submitted by the INCITS Secretariat to the USNC Office. The ruling of the USNC TMC may be appealed to the USNC Council. USNC Council is to review and provide a decision on the appeal. Subsequent to the USNC Council ruling, a final appeal is possible, if appropriate, to the standing ANSI Appeals Board.

15.10 Informal Settlement

INCITS and USNC encourages settlement of disputes at any time if the settlement is consistent with the objectives of these Procedures. Any settlement to which the parties agree in writing that is consistent with these procedures, or an agreement to withdraw the appeal, will terminate the appeal process.

15.11 International Appeals

All international appeals proposed by an INCITS IOE or the INCITS Secretariat shall be submitted to the Executive Board for consideration and approval at least 15 days prior to the international appeal deadline. This will permit the Executive Board to consider whether the appeal is appropriate on behalf of U.S. interests by holding an accelerated 7-day Executive Board LB and, if necessary, a Resolution Meeting.

15.12 Appeal of USNC TAG Administrator Imposed Fees

- a) In the case of the failure of INCITS Executive Board to resolve an issue regarding INCITS TAG fees, an appeal of the Executive Board decision to the TMC is the initial step in the appeals process (affected existing or prospective TAG members submits appeal).
 - i. USNC Office requests that the INCITS Secretariat submit to the USNC Office a written response to the allegations included in the complaint along with evidence of attempted resolution. The response should include an explanation, supported by relevant documentary evidence, of why the fees at issue do not constitute an undue financial barrier

2093 to participation, and if a fee waiver or reduction was requested, a brief explanation of how it
2094 was considered and the reason for its denial. A TMC appeal Ad Hoc, consisting of not less
2095 than 3 nor more than 5 TMC members, is established by the TMC to review the complaint
2096 and response. Membership may not include individuals who are part of the appellant,
2097 INCITS Executive Board and INCITS Staff.

2098 ii. Within 1 month of the appeal submittal, the TMC Appeal Ad Hoc provides a proposed
2099 decision to the TMC for ratification.

2100 b) If the resulting decision of the TMC is appealed, then the USNC Council is the next to review the
2101 issue.

2102 i. A USNC Council Appeal Ad Hoc, consisting of not less than 3 nor more than 5 Council
2103 members, is established to review the TMC decision and the fee justification
2104 documentation. Membership may not include individuals who are part of the appellant,
2105 INCITS Executive Board and INCITS Staff.

2106 ii. Within 1 month of the request for Council appeal review, the USNC Council Appeal Ad
2107 Hoc provides a proposed decision to the USNC Council for ratification.

2108 c) If the decision of the USNC Council is appealed, the ANSI Appeals Board is next and last to review
2109 the issue.

2110 **16. Policies**

2111 16.1 Policy for Funds

2112 USNC TAGs may establish funds to pay for services to progress the work. This section sets forth the
2113 policies used to manage such funds.

2114 16.1.1 Approved Uses of Funds

2115 Monies collected under this policy are restricted to the following use(s) for meetings of the USNC TAG:

- 2116 • meeting room rental, including internet access;
- 2117 • meeting refreshments;
- 2118 • current meeting document reproduction;
- 2119 • audio-visual, computer and/or office equipment rental; and
- 2120 • contracting for a professional meeting planner.

2121 The INCITS Secretariat shall approve the acquisition of services or purchases not listed above prior to the
2122 disbursement of any fund assets.

2123 16.1.2 Establishment of a Fund

2124 A USNC TAG shall only establish a fund by issuing a 14-day LB that explains the need for and use of the
2125 fund, along with the initial fee to be charged. The LB establishing the fund shall also document the USNC
2126 TAG procedures for collecting, disbursing and administering these fund assets; these procedures must
2127 be consistent with the policies described below. The LB shall pass by a 2/3 vote for the fund to be
2128 established.

2129 16.1.2.1 Allocation of Fees

2130 When fund fees are instituted to support meeting-related expenses, the fees should be determined
2131 based on the number of persons participating in the associated meeting. If a member has not paid all
2132 such fees, the member can be considered to have failed to attend the meeting. The member's voting

2133 privileges would then be subject to the “Termination of Membership” procedures (see Section 8.15).
2134 The USNC TAG may grant exceptions to this policy by resolution.

2135 The USNC TAG establishing funds shall implement a transparent and equitable policy for assessed
2136 meeting fees; in particular, the fees shall not be bundled with services not provided at the meeting, and
2137 the fees shall be appropriate for the meeting services/facilities actually used.

2138 If the fund fee is established specifically for the purchase of durable goods or bonding expenses, the fee
2139 shall be paid by all voting members. The total purchase amount should be divided equally among all
2140 voting members.

2141 16.1.2.2 Changes to the Fund Fee

2142 Changes to an approved fund fee amount shall be approved by a majority vote of the USNC TAG at least
2143 14 calendar days in advance of the assessment of any such revised fee.

2144 16.1.3 Fund Administration

2145 16.1.3.1 Treasurer Appointment

2146 Any USNC TAG establishing a fund shall have a Chair-appointed Treasurer. The Chair shall not serve as
2147 the Treasurer. The Treasurer shall be a good standing TAG Member.

2148 16.1.3.2 Fund Reporting

2149 The Treasurer shall prepare a report following each meeting that involved the collection of fees, and the
2150 report shall be distributed with the minutes of that meeting. The review of such reports also shall be a
2151 standing agenda item of the USNC TAG.

2152 This report shall include:

- 2153 a. names of members (and any other applicable parties) who have or have not paid their assessed
2154 fees;
- 2155 b. all disbursements made, including the purpose of the disbursement and name of the
2156 individual(s) and/or organization(s) receiving payments;
- 2157 c. a statement of any changes in the durable goods inventory;
- 2158 d. debts outstanding;
- 2159 e. receivables outstanding; and
- 2160 f. current balance of the Fund.

2161 As part of its Annual Report, the USNC TAG shall include a financial statement containing the following
2162 items:

- 2163 a. total receipts;
- 2164 b. receivables outstanding;
- 2165 c. total disbursements;
- 2166 d. debts outstanding;
- 2167 e. current balance of the Fund; and
- 2168 f. current inventory of durable goods.

2169 The Annual Report shall also include a copy of the procedures for administering the fund.

2170 16.1.3.3 Account Management

2171 Bank accounts shall be established when accrued funds exceed \$500.00. If funds are collected for a one-
2172 time purchase of durable goods, this is not considered an accrual of funds, and establishing a bank
2173 account is not necessary.

- 2174 All subgroup bank accounts shall be established and maintained by ITI at a full service bank that is
2175 federally insured by the FDIC.
- 2176 Fund balances shall not exceed \$25,000.00, except when the expected expenses for a planned meeting
2177 require a higher amount. In such cases, advance written permission to hold such higher balances shall
2178 be obtained from ITI, and further a higher bonding limit may be required by ITI for the USNC TAG
2179 Treasurer or Chair.
- 2180 Bank accounts shall have ITI as the main signatory with the Treasurer and an elected officer as additional
2181 signatory authorities. Unless otherwise required by USNC TAG resolution, only one signature is required
2182 for check signatures.
- 2183 Bank accounts being established shall use the ITI tax ID number for the account.
- 2184 USNC TAG that are not required to establish a bank account shall institute procedures for handling any
2185 surplus funds remaining at the end of a meeting. The process for the distribution of excess funds arising
2186 from any meeting shall be included in the USNC TAG meeting minutes.
- 2187 12.1.4 Dissolution of the Fund
- 2188 A fund shall be dissolved in one of two ways:
- 2189 • by USNC TAG LB using the 2/3 Voting Rule; or
2190 • disbandment of the USNC TAG.
- 2191 In any case, a final financial statement shall be distributed to the USNC TAG members and to the INCITS
2192 Secretariat. Any remaining balance in the fund shall be transferred to ITI by the USNC TAG Chair and/or
2193 Treasurer.
- 2194 If any durable goods are held by the USNC TAG at the time the fund is dissolved, the Treasurer or an
2195 elected TC officer shall transfer them to the INCITS Secretariat; however, if the USNC TAG dissolved the
2196 fund but did not disband, it may request approval from the INCITS Secretariat to retain the durable
2197 goods.
- 2198 When the INCITS Secretariat obtains the durable goods from a USNC TAG, it may offer the goods for use
2199 by other USNC TAGs, or it may dispose of the goods as it sees fit and deposit any proceeds into an
2200 INCITS account.
- 2201 16.2 Policy for Record Retention
- 2202 16.2.1 General Policy
- 2203 Except as otherwise indicated, documents shall be retained for the number of years indicated in
2204 Section 16.2.3, Record Retention Guidelines. Once the specified time period has elapsed, those records
2205 should be destroyed.
- 2206 Irrespective of the retention periods specified, upon (i) receiving notice of a lawsuit, government
2207 investigation, or other legal action against or involving INCITS, or (ii) learning of circumstances likely to
2208 give rise to such an action, proceeding or investigation, all documents in any way relating to such matter
2209 shall be preserved and safeguarded
- 2210 No officer, director, employee or agent of INCITS shall knowingly destroy a document with the intent to
2211 obstruct or influence the investigation or proper administration of any matter within the jurisdiction of
2212 any government department or agency or in relation to or in contemplation of any such matter.
- 2213 The INCITS Secretariat shall be responsible for authorizing, overseeing, and ensuring that records
2214 maintained by INCITS are destroyed pursuant to this policy.

For documents in existence prior to June 1, 2011, the base date for calculating the retention period shall be June 1, 2011. Otherwise, for documents created at a later date, the Submission Date in ICMS is the base date used to calculate the retention period.

16.2.2 File Retention

Records concerning new, revised or reaffirmed standards shall be retained for one complete standards cycle, or until the standard is revised. Records concerning withdrawn standards shall be retained for at least five years from the date of withdrawal. Records related to stabilized standards shall be retained until the standard is reaffirmed, revised, or subsequently reviewed in connection with the stabilized maintenance of the standard as an ANS.

In all cases, records shall be retained at least for the retention period prescribed.

16.2.3 Record Retention Guidelines

16.2.3.1 Finance Records

If the INCITS organizational entity holds bank records and financial statements, the following periods are used:

Type of Record	Retention Period
Bank Records	6 years; 1 year for check register
Annual Report Financial Statement	20 years

16.2.3.2 Standards and U.S. TAG Documents and Records

Type of Record	Retention Period
Intellectual Property related documents/records (e.g. licensing statements, disclosure statements, legal opinions, correspondence)	Permanently
Final Approved American National Standard (ANS) Documents	Permanently
ANSI Accreditation Documents	Permanently
ANSI Audit Documents	Permanently
Correspondence	20 years, unless the subject matter of the email or correspondence falls within a category in this section that requires it be retained for a longer period of time.

16.3 Policy Regarding the U.S. Funding of International Structures

INCITS, as the U.S. National Body representative to JTC 1, recognizes the benefit to the U.S. of providing the Secretariat for new international activities in JTC 1 where there is strong interest and expertise from stakeholders in the U.S. Providing the Secretariat for these activities comes with some cost. The cost will vary depending on the type of International Structure and the level of activity. For permanent international structures, INCITS shall identify new sources of funding to support the activity. For short term structures, such as Study Groups, INCITS may choose to allocate existing or reserve funding to support them as a business development activity.

2239 Funding for New International Structures is described below and includes funding for Special Working
2240 Groups (SWG), Working Groups (WG) and Sub Committees (SC) – but not for Study Groups (SG).

2241 16.3.1 International Structure Funding Framework

2242 INCITS will use the following framework International Structure funding:

2243 a. Funding group (International Structure TAG Steering Committee):

- 2244 i. A minimum of 3 INCITS members (with no maximum) are required to form the Steering
2245 Committee for an International Structure TAG. Should the number of steering committee
2246 members drop below 3 at any time, the issue shall be brought to the attention of the
2247 Executive Board for action.
- 2248 ii. International Structure TAG Steering Committee members agree to an initial fee
2249 commitment, the aggregate of which shall cover at least the annual Secretariat cost of the
2250 International Structure expenses for 3 years. These fees will fund the members'
2251 participation in the TAG. Steering Committee members should provide a good faith
2252 commitment to give a one-year notice before discontinuing their funding.
- 2253 iii. The members of the International Structure TAG Steering Committee can resolve to allocate
2254 the fee responsibility disproportionately amongst themselves, provided that the total
2255 amount paid by such members is at least equal to the annual Secretariat costs.
- 2256 iv. Each member will have one vote in the management of the International Structure TAG
2257 Steering Committee regardless of contribution level.
- 2258 v. The International Structure TAG Steering Committee will have the responsibility for
2259 nominating the U.S. candidate for convener (WG/SWG) or chair (SC) of the new structure as
2260 well as nominating the chair for the U.S. TAG (in the case of a newly formed International
2261 Structure).
- 2262 vi. By vote (using the 2/3 Voting Rule) at the last Executive Board meeting in the second year of
2263 committee activity when INCITS performs the Secretariat services, the Executive Board may
2264 integrate International Structure funding support into the INCITS Operational Budget
2265 starting at the end of the third year. In such a situation, the International Structure TAG
2266 Steering Committee will be disbanded at the end of the third year and International
2267 Structure TAG Steering Committee functions will be handled according to INCITS
2268 procedures. Further, the INCITS Secretariat shall be responsible for planning and carrying
2269 out the transition. Should the transition vote fail, the International Structure TAG Steering
2270 Committee will not be disbanded, and the Executive Board may reconsider this decision at
2271 any time in the future.

2272 b. International Structure TAG Steering Committee structure and decision making:

- 2273 i. The International Structure TAG Steering Committee will make decisions by majority vote.
- 2274 ii. The International Structure TAG Steering Committee's nominations for convenor and chair
2275 positions will require ratification by the Executive Board.
- 2276 iii. The International Structure TAG itself will be open to participation according to INCITS and
2277 ANSI rules, and will determine U.S. positions and other matters according to INCITS
2278 procedures.

2279 c. Executive Board:

- 2280 i. Makes the decision for INCITS to recommend to ANSI if the committee management is
2281 under ISO or USNC if the committee management is under IEC that the U.S. provide a
2282 Secretariat for the International Structure (SWG/WG/SC).

- 2283 ii. Requests a proposal for providing Secretariat services – giving the INCITS Secretariat first
2284 opportunity and first right of refusal.
- 2285 iii. Accepts a proposal for Secretariat services, in coordination with ANSI or USNC.
- 2286 iv. Ratifies the pricing for the International Structure TAG Steering Committee.
- 2287 v. Ratifies candidates for convenor/chair positions.
- 2288 vi. Makes the decision for INCITS to integrate International Structure funding support into the
2289 INCITS Operational Budget at the end of the second year or later.

- 2290 d. INCITS Secretariat:
 - 2291 i. Develops a proposal for providing Secretariat services for an International Structure (sets
2292 cost, manages resource).
 - 2293 ii. Solicits interest from throughout the INCITS/ANSI community for participating in
2294 International Structure funding (call for interest, optional second call).
 - 2295 iii. Collects payment from International Structure Steering Committee members and
2296 determines when a firm commitment has been made.
 - 2297 iv. Plans for and manages the transition of funding models, should the Executive Board decide
2298 to fund this activity in the INCITS Operational Budget.
 - 2299 v. Facilitates an annual Executive Board review of international secretariats held by the U.S.
2300 through INCITS, referencing the ANSI performance criteria for international secretariats.

2301 16.3.2 International Structure Funding Procedures

2302 The following procedures are used to establish the International Structure Steering Committee. In the
2303 case of a newly formed International Structure, the Steering Committee is formed before the TAG is
2304 formed.

- 2305 11. INCITS Executive Board resolves that the U.S. would like to consider providing the Secretariat for
2306 an International Structure, and the recommendation is submitted to ANSI.
- 2307 12. INCITS Executive Board requests a proposal for providing Secretariat services from the INCITS
2308 Secretariat.
- 2309 13. INCITS Secretariat develops a proposal and provides this to the Executive Board.
- 2310 14. If the proposal is accepted by the Executive Board, the INCITS Secretariat issues a first call for
2311 participation in the International Structure Steering Committee. If the proposal is not accepted,
2312 no further action is taken.
- 2313 15. When at least 3 members of INCITS have committed to participate in the International Structure
2314 Steering Committee, the INCITS Secretariat issues a second call for participation which includes
2315 identification of the members committed to participate.
- 2316 16. After a commitment from 3 members of INCITS has been achieved, INCITS is able to make a
2317 commitment to ANSI to provide the Secretariat for the International Structure.
- 2318 17. After close of the second call for participation in the International Structure Steering Committee,
2319 a meeting of the Steering Committee will be held to select the candidates for the International
2320 Structure convener/chair and TAG chair (in the case of a newly formed International Structure).
- 2321 18. INCITS Executive Board ratifies the Steering Committee recommendations for International
2322 Structure convener/chair and TAG chair (in the case of a newly formed International Structure).
- 2323 19. The name of the International Structure convener/chair candidate can be communicated to JTC
2324 1.

20. INCITS Secretariat forms the Steering Committee and collects payment from the Steering Committee members. In the case of a newly formed International Structure, the Secretariat also forms the TAG and collects dues from the TAG members.

16.4 Web Privacy Statement

INCITS does not collect identifying information about people visiting its web site. Only summary information about the number of visitors to particular sections of its web site is collected. If you decide to send personally identifiable information to the Webmaster, it will not be disclosed to third parties without your consent.

16.5 Adoption of ISO/IEC JTC 1 Standards as American National Standards

Most IOEs hold U. S. Technical Advisory Group (TAG) relationships to ISO/IEC JTC 1 subcommittees and working groups and, in addition, to some ISO technical committees, subcommittees and working groups.

Subject to the exceptions below, INCITS will adopt all ISO/IEC or ISO standards that fall within its program of work as “Identical”⁶ American National Standards in accordance with the ANSI “Expedited Procedures for the Identical Adoption of an ISO or IEC standard as an American National Standard”. Similarly, INCITS will withdraw any such adopted American National Standard that has been withdrawn as an ISO/IEC or ISO International Standard. Exceptions to this policy will be made, on a case by case basis, provided that a case for the exception has been demonstrated to INCITS.

Additional processing steps will be assigned to INCITS Secretariat, who will initiate the Project Initiation Notification System (PINS) notices, the public reviews, respond to the commenters, and advise INCITS entities of the results. Technical comments will be forwarded to the TAGs for consideration in the development of future U.S. positions. The following provisions shall also apply:

- This Adoption Process shall be used only for the identical adoption of ISO or IEC standards for which the U.S. TAG voted or will vote in the affirmative on the international standard, and for which no claims of conflict or duplication with an existing American National Standard have been upheld.
- This Adoption Process shall be used only for instances where the U.S. TAG is an INCITS Organizational Entity.
- If the U. S. TAG has declared, and the Executive Board has confirmed, that INCITS will not follow this procedure for certain documents or work areas⁷, then this policy shall not apply to such documents/areas.
- Unless the INCITS TAG has passed an “always adopt” policy concerning documents in their work area, the INCITS Secretariat may provide at least a 90-day period to the TAG so that the TAG could present reasons why adoption of a particular document should not occur. No other public reviews or balloting may occur while the INCITS TAG considers this question. Such reasons shall be approved by the Executive Board in order to stop the adoption process. The INCITS Secretariat may extend this 90-day period if there is a reasonable request for more time to conduct TC discussions. In cases where an adoption is intended to supersede a previously adopted standard, the 90-day period is waived, and the adoption of the new edition standard is automatic.

⁶ See ISO/IEC Guide 21-1, “Regional or national adoption of International Standards and other International Deliverables — Part 1: Adoption of International Standards” for an explanation of “Identical”.

⁷ See the <http://www.incits.org> for a list of such areas/documents.

Subject to any further distribution restrictions imposed by ISO/IEC and/or ANSI, upon request the INCITS Secretariat shall provide a copy of the referenced ISO/IEC International Standard (in source form) for review by the INCITS TAG during their 90-day review. Should an appropriate source document not be available, the INCITS Secretariat will ask ANSI/ITTF for a suitable comparison document which shows any differences between the final International Standard and the last version made available to the INCITS TAG.

16.6 Training

Chair, Vice-chair, and IR training for the Executive Board, Executive Board Committees, Technical Committees, Task Groups and Study Groups is mandatory within one year of appointment. In the case of new officers that have not previously held the officer position appointed or elected to, training shall be required within three months of approval or appointment. The INCITS Secretariat shall develop the training materials, schedule and provide the training sessions.

Prospective officers and other interested parties are also encouraged to attend these training sessions.

16.7 Parliamentary Procedures

On questions of parliamentary procedure not covered in these procedures, the current edition of Robert's Rules of Order Newly Revised shall be used. Note that Robert's Rules are not used in international meetings.

16.8 Copyright, Patent, and Antitrust Policies

The most recent version of the INCITS patent policy, patent slides, and the full antitrust guidelines can be found at <http://www.incits.org/standards-information/legal-info>.

16.8.1 Copyright Policy

All contributors to (including any participation in the drafting of) any INCITS deliverable must agree in writing (electronic or otherwise, including execution of the INCITS Membership Agreement) to the Copyright License Grant by Contributor:

Copyright License Grant by Contributor

Except for works in the public domain, by making any written or oral contribution which is reduced to writing to (including participation in the drafting of) any INCITS technical standard or technical report or standard-related document ("Deliverable") the copyright owner grants to ITI an irrevocable, non-exclusive, worldwide, transferable, sub-licensable, fully paid-up and royalty-free copyright license to reproduce, prepare derivative works of, distribute, and publicly display and perform the contributions (in their original and modified forms), solely for the purpose of developing and publishing the Deliverable for which the contribution was made.

The copyright owners retain all rights in their contributions, subject only to the licenses set forth herein and to ITI's copyright ownership of the final Deliverable.

All copyrights in drafts of the Deliverables as well as the final Deliverable will be owned by ITI and may be sold or given away by ITI or its designees without any duty to compensate or account to the original copyright owners.

Except for Members that are federal agencies, no contribution(s) may be made unless the contributor(s) is/are, to the best of their knowledge, the exclusive copyright owner of the contribution or has sufficient rights under copyright from the owners to make the contribution under the terms of this license. Contributor must identify all other copyright owners in the contribution.

2419 which is not in accordance with the INCITS Copyright Policy, they should contact the INCITS Secretariat.

2420 16.8.2 Patent Policy

2421 INCITS adheres to the most recent version of the ANSI Patent Policy (see the ANSI Essential
2422 Requirements found at <http://www.ansi.org/>). The "Guidelines for Implementation of the ANSI Patent
2423 Policy", also found at the ANSI web site, may be referenced for additional information.

2424 16.8.3 Use of the ISO/IEC/ITU Patent Statement and Licensing Declaration Form

2425 In order to meet the declaration requirements concerning patent declarations by a patent holder, INCITS
2426 shall use the approved ISO/IEC/ITU "Patent Statement and Licensing Declaration Form for ITU-T/ITU-R
2427 Recommendation | ISO/IEC Deliverable" (<http://www.incits.org/standards-information/legal-info>).

2428 16.8.4 Use of INCITS Patent Slides

2429 Early disclosure of patents claims which may be essential for the implementation of standards under
2430 development is encouraged.

2431 Disclosures made of such patents claims may not be exhaustive of all patents that may be essential for
2432 the use of standards under development, and neither INCITS, an IOE, nor the IOE Chair shall ensure the
2433 accuracy or completeness of any disclosure or whether any disclosure is of a patent that, in fact, may be
2434 essential for the use of standards under development.

2435 At each meeting of an IOE, excluding ad hocs, the Chair shall:

- 2436 1. Show or refer to the INCITS patent policy slides (<http://www.incits.org/standards->
2437 [information/legal-info](http://www.incits.org/standards-information/legal-info)).
- 2438 2. Provide no interpretation or explanation of the INCITS patent policy, nor allow committee
2439 members to do so. Questions about the policy shall be referred to the participant's legal
2440 counsel or the ANSI General Counsel.
- 2441 3. Provide no interpretation or explanation of the Common Patent Policy for ITU-T/ITU-R/ISO/IEC,
2442 nor allow committee members to do so.
- 2443 4. Instruct the IOE Secretary to record in the minutes of the relevant meeting that the foregoing
2444 advice was provided, and the patent policy slides were referred to.

2445 16.8.5 Antitrust Guidelines

2446 The INCITS Antitrust Guidelines are provided for the protection of INCITS and IOE members on antitrust
2447 issues. INCITS and IOE members shall follow the INCITS Antitrust Guidelines, which are located at
2448 <http://www.incits.org/standards-information/legal-info>.

2449 At each meeting of an IOE, excluding ad hocs, the Chair shall:

2452 information/legal-info](http://www.incits.org/standards-
2451 information/legal-info)).
- 2453 2. Provide no interpretation or explanation of the INCITS antitrust guidelines, nor allow
2454 committee members to do so. Questions about the policy shall be referred to the participant's
2455 legal counsel or the ANSI General Counsel.
- 2456 3. Instruct the IOE Secretary to record in the minutes of the relevant meeting that the foregoing
advice was provided, and the antitrust guidelines were referred to.

ANNEX A

Procedure for USNC Coordination of Subject Matter of Interest to Two or More Technical Committees or Subcommittees

Systems Approach

The fundamental strength of the ISO/IEC over the decades has been the quality and market acceptance of its technology-based product standards and specifications, standards that also are the reference in the Commission's conformity assessment schemes. The need for such product or product family standards will continue for the foreseeable future and the ISO/IEC must maintain its efforts, and its reputation, in this traditional area of pre-eminence.

The multiplicity of technologies and their convergence in many new and emerging markets, however – particularly those involving large-scale infrastructure – now demand a top-down approach to standardization, starting at the system or system-architecture rather than at the product level. System standards are also increasingly required in sectors such as environment, safety, and health. Although the introduction of such processes in the ISO/IEC began some years ago, a major effort is now required to improve understanding of them and to widen their application. It will be necessary to take account of the implied need for increased cooperation with many other standards developing organizations, as well as with relevant non-standards bodies in the international arena. There will also be implications for the IEC's conformity assessment systems and processes.

Process

- a) When an IEC or national document is posted by the IEC Central Office on which a U.S. position is needed and it is of interest to two or more TCs/SCs, its availability will become known to those USNC TAG Officers and members of interested USNC TAGs, who sign up for notification by communication tools such as [IEC NEWDOCs](#) and MY IEC.

The INCITS Secretariat will inform the USNC Office of known interested committees.

- b) If a USNC TAG has an interest in a document for which it is not the primary, the primary USNC TAG shall be notified and asked to acknowledge and record the continuing interest of the other USNC TAG(s).

- c) A decision may be made by the USNC TAGs involved subject to approval by INCITS Executive Board to establish a Joint Task Force consisting of representatives of each of the USNC TAGs to develop a draft USNC position for the consideration and approval of the USNC TAGs within the required timeframe.

- d) The representatives of the interested USNC TAGs will be asked to send their comments on the document to the representative of the "primary" USNC TAG. That representative will consider and collate the comments, and taking them into account, will establish a proposed U.S. position on the subject matter. Copies of this proposed position will be sent to all the representatives who commented, and to the USNC Office. The representative of the primary committee will call a meeting of interested persons where this may be constructive.

- 2515 e) Any USNC TAG, having made substantive comments, that is not satisfied with the proposed
2516 position will promptly notify the USNC Office and the Joint Task Force who prepared the
2517 position, giving specific reasons for the objection.
- 2518 f) The USNC office will attempt to bring about resolution by correspondence or by meetings and,
2519 failing to do so, will promptly notify the President and the TMC of the USNC for necessary
2520 action.
- 2521 g) In the event a comment cannot be supported by a consensus of the USNC TAGs, it will be
2522 withdrawn. In the event a vote cannot be supported by a consensus of the USNC TAGs, the
2523 USNC will file an abstention.

2524

2525 *Note 1:* This procedure may also be utilized when coordination with USNC TAGs for ISO TCs/SCs is
2526 desired.

2527 *Note 2:* If the USNC is not a Participating Member, contact the USNC Office for guidance.

2528 *Note 3:* Communicate with the USNC Office for guidance when necessary.

ANNEX B

Criteria for the Development and Coordination of U.S. Positions in the International Standardization Activities of the ISO and IEC

Note: To see the whole version of this document, please visit [ANSI Procedures for U.S. Participation in the International Standards Activities of ISO](#).

Participation in international standards activities of interest to members of the American National Standards Institute (ANSI) requires membership in two international non-treaty standardization organizations, namely the International Organization for Standardization (ISO) and the International Electrotechnical Commission (IEC). ANSI is the U.S. member body of ISO and the U.S. National Committee (USNC) of the IEC, a committee of ANSI, is the U.S. member of the IEC. To assure that positions presented to these international bodies are representative of U.S. interests a mechanism must exist for the development and coordination of such positions. This document outlines ANSI's criteria for an appropriate mechanism. This document does not supersede an ISO TAG's accredited procedures.

ANSI normally looks to the body that develops national standards in a particular standards area in order to determine the U.S. position in a similar international standardization activity. Such national consensus bodies are designated by ANSI as "U.S. TAGs" for specific ISO or IEC activities. Each accredited U.S. TAG to ISO shall be referred to as an "ANSI-Accredited U.S. TAG" (or alternately, "ANSI/ [SDO] TAG to ISO/TC XX" or the equivalent) in all communications with TAG members and other parties regarding TAG activities. Where no national standards group exists, or is available to serve, or where several separate national standards groups exist, special bodies may be established for this purpose. The makeup of U.S. TAGs may include participants from companies, technical and trade organizations, government agencies, academia, and individuals.

In addition to U.S. TAG activities, as appropriate and consistent with ANSI's mission to promote U.S.-based technology globally, ANSI may approve the establishment of Partnership Standards Developing Organization (PSDO) agreements with ISO. To coordinate both activities with the American National Standards process, ANSI also requires early notification by an ANSI-Accredited Standards Developer of its intent to submit a proposed American National Standard (ANS) for consideration for approval as an ISO or ISO/IEC JTC-1 standard. See ANSI Essential Requirements: Due process requirements for American National Standards. In such instances, it is expected that ANSI-Accredited U.S. TAGs will raise any concerns related to the proposed ANS during its development cycle so that if the standard is subsequently balloted for approval at the ISO or ISO/IEC JTC-1 level, the U.S. position will be to support its approval. For existing ANS, the PSDO is required to seek and obtain the approval of the applicable ANSI-Accredited U.S. TAG prior to its submission of a standard to ISO under a PSDO agreement.

B1 – Applicability

These requirements apply to the development and coordination of U.S. positions for ISO and IEC activities.

B2 – International Requirements

Operating procedures for the development of U.S. positions shall comply with the requirements imposed on members by the relevant international standards body. For example, time limits are imposed on all participating international members of the international body with regard to voting, commenting, and other related matters. Reasonable time extensions may be requested for good cause.

B3 – General

The operating procedures of existing or newly established groups which develop U.S. positions for the standardization activities of ISO shall, at a minimum, meet the criteria for the organization, accreditation and operation of U.S. TAGs as provided herein. The operating procedures of existing or newly established groups which develop U.S. positions for the standardization activities of IEC shall, at a minimum, meet the criteria for the organization and operation of U.S. TAGs as provided for in the Rules of Procedure of the U.S. National Committee of the IEC.

B4 – Criteria for Organization

The following minimum criteria shall be met in the organization of U.S. TAGs, which develop U.S. positions on international standards activities:

B4.1 – Openness

Participation shall be open to all U.S. national interested parties who are directly and materially affected by the activity in question. There shall be no undue financial barriers to participation. Participation shall not be conditional upon membership in any organization, or unreasonably restricted on the basis of technical qualifications or other such requirements.

Timely and adequate notice of the formation of new activities related to international standards shall be provided to all known directly and materially affected interests. Notice should include a clear and meaningful description of the purpose of the proposed activity and shall identify a readily available source for further information.

In addition, the member's name (or if membership is by organization, the name of the organization with a point of contact), affiliation and interest category of each member of the TAG shall be made available to interested parties upon request.

B4.2 – Balance

The process of developing U.S. positions shall provide an opportunity for fair and equitable participation without dominance by any single interest.

Dominance means a position or exercise of dominant authority, leadership, or influence by reason of superior leverage, strength, or representation. The requirement implicit in the phrase "without dominance by any single interest" normally will be satisfied if a reasonable balance among interests can be achieved. Unless it is claimed by a directly and materially affected person (organization, company, government agency, individual, etc.) that a single interest category dominated the development of the U.S. position, no test for dominance is required.

Interest categories shall be discretely defined, cover all materially affected parties and differentiate each category from the other categories. Such definitions shall be available upon request. In defining the interest categories appropriate to a standards activity, consideration shall be given to at least the following: producer, user, general interest.

Where appropriate, more detailed subdivisions should be considered.

B5 – Criteria for Operation

The following minimum criteria shall be met in the development of U.S. positions in international standards activities:

B5.1 – Written Procedures

Written procedures shall govern the methods used for the development of U.S. positions and shall be available to any interested party.

2614 **B5.2 – Listing in Standards Action**

2615 Appropriate international standards activities shall be listed in Standards Action in order to
2616 provide an opportunity for public comment. The comment period shall be appropriate to the
2617 required timing for the action.

2618 **B5.3 – Consideration of Views and Objections**

2619 Prompt consideration shall be given to the written views and objections of all participants
2620 including those commenting on the listing in Standards Action. A concerted effort to resolve all
2621 expressed objections shall be made, and each objector shall be advised of the disposition of the
2622 objection and the reasons therefor.

2623 Unresolved objections and any substantive change made to a proposed U.S. position shall be
2624 reported to the participants.

2625 **B5.4 – Records**

2626 Records shall be prepared and maintained to provide evidence of compliance with these
2627 criteria. Records concerning new, revised, or reaffirmed ISO Standards shall be retained for one
2628 complete standards cycle, or until the standard is revised. Records concerning withdrawn
2629 standards shall be retained for at least five years from the date of withdrawal.

2630 **B5.5 – Appeals**

2631 The written procedures shall contain an identifiable, realistic, and readily available appeals
2632 mechanism for the impartial handling of substantive and procedural complaints regarding any
2633 action or inaction.

2634 **B5.6 – Antitrust Policy**

2635 U.S. positions developed by ANSI-Accredited U.S. TAGS or USNC appointed U.S. TAGs shall be
2636 developed in accordance with applicable antitrust and competition laws and meetings amongst
2637 competitors to develop U.S. positions are to be conducted in accordance with these laws.

2638 **B6 – Guidelines for Determining a U.S. Voting Position**

2639 The development of a U.S. position with regard to voting on international documents is a matter of
2640 great complexity. Firm rules for casting affirmative votes, negative votes, or abstentions would be
2641 presumptuous and unworkable in many cases. However, efforts should be made to achieve consistency
2642 in the perceived conduct of the United States as a participant in international, non-treaty standards
2643 development. Toward that end, guidelines for determining a voting position are included herein in order
2644 to provide direction toward a consistent voting policy. These guidelines cannot cover all of the factors
2645 that must be considered in determining the U.S. vote. They do, however, represent generally accepted
2646 principles that should be applied to normal situations.

2647 **B6.1 – Existing National Standard**

2648 If there is an existing U.S. national standard (i.e., an American National Standard (ANS) or, in the
2649 absence of an ANS, another standard generally accepted within the United States) and:

2650 If the national standard can be considered equivalent to the requirements in the international
2651 document, vote affirmative

2652 If the international document includes different, additional, or more stringent requirements than are in
2653 the national standard and the U.S. consensus indicates that such requirements are:

2654 a) Acceptable, and should be considered for inclusion in the national standard (see section
2655 B7.2), vote affirmative, or

2656 b) Not acceptable, vote negative

2657 If the national standard includes different, additional, or more stringent requirements than are in the
2658 international document and the U.S. consensus indicates that such requirements:

2659 a) Should be modified in accordance with the international document, (see section 7.2) vote
2660 affirmative, or

2661 b) Must be maintained, vote negative, or

2662 c) Must be maintained, but the proposed document is considered to represent the best
2663 agreement which can be attained at the present time from an international point of view, vote
2664 abstain with a statement that the U.S. cannot modify its national standard for stated reasons

2665 **B6.2 – No Existing National Standards**

2666 If no national standard exists and

2667 If U.S. consensus establishes that the international document is:

2668 a) Technically acceptable and could be used as the basis for the development of a national
2669 standard, vote affirmative, or

2670 b) Not technically acceptable, vote negative

2671 If the international document is of little or no interest to the U.S., abstain

2672 If the international document unnecessarily creates a barrier to domestic or international trade or
2673 impedes innovation or technical progress, vote negative

2674 **B6.3 – Abstain**

2675 Regardless of whether or not a national standard exists, if no U.S. consensus has been established,
2676 abstain.

2677 **B6.4 – Negative**

2678 The U.S. vote, if negative, must be accompanied by reasons and supporting information such as
2679 technical data and logical argument. Also, any known exceptions and/or additions that will be required
2680 to conform to U.S. safety practices or regulations shall be noted.

2681 **B6.5 – Exceptions**

2682 Exceptions to the above stated voting guidelines should be carefully considered.

2683 **B7 – Criteria for Approval of U.S. Positions on International Standards Activities**

2684 **B7.1 – Introduction**

2685 Implicit in the transmittal of U.S. positions on international standards activities to ANSI is the verification
2686 that the requirements of this document have been met and that consensus in support of the U.S.
2687 position has been established.

2688 Consistent with ANSI's mission to promote U.S.-based technology globally, ANSI may approve a PSDO
2689 agreement. In all such instances, an ANSI-Accredited Standards Developer is required to provide public
2690 notice of its intent to submit a proposed American National Standard (ANS) for consideration for
2691 approval as an ISO or ISO/IEC JTC-1 standard. See ANSI Essential Requirements: Due process

requirements for American National Standards. Further, in such instances, it is expected that ANSI-Accredited U.S. TAGs will raise any concerns related to the proposed ANS during its development cycle so that if the standard is subsequently balloted for approval at ISO, the U.S. position will be to support its approval. For existing ANS, the PSDO is required to seek and obtain the approval of the applicable ANSI-Accredited U.S. TAG prior to its submission of a standard to ISO under a PSDO agreement.

B7.2 – Consensus

Consensus for a U.S. position is established when substantial agreement has been reached by the U.S. national interests that are directly and materially affected by the proposed international standard. Additionally, if the proposed U.S. position is based on giving consideration to changes in an existing U.S. national standard, the consensus process shall include U.S. national interests that are directly and materially affected by the U.S. national standard.

B7.3 – U.S. Proposals of Documents as the Basis for the Initiation of International Standards

All U.S. proposals for the initiation of new work items for the development of international standards shall be approved by the appropriate U.S. TAG. Such proposals may be based on American National Standards (ANS), as appropriate. In the absence of ANS, other appropriate, generally accepted standards may be proposed. In all instances, permission from the sponsor to propose documents as the basis for the initiation of international standards shall be obtained. In the absence of either ANS or other appropriate, generally accepted standards, proposals may be based on a rationale, or a standard under development.

B7.4 – U.S. Proposals to Fast Track a National Standard

The U.S. may submit a nationally accepted standard using the fast-track procedure approved by the ISO and IEC if the following criteria are met:

- a) The U.S. is a P-member of a concerned ISO committee
- b) The proposed standard must have the approval of both the originating organization and appropriate U.S. TAG

The procedures in B7.3 shall be used in determining U.S. support for the proposed standard.

B8 – Participation in the formulation of U.S. positions

U.S. TAG Members and other contributors are expected to participate in good faith and in accordance with professional standards, respectful of the rules of the TAG and the authority given to the Officers of the TAG and TAG Administrator. As appropriate, the TAG and TAG Administrator may refer to Robert's Rules of Order, Disciplinary Procedures, for guidance.

B9 – Criteria for Appeals

The provision of appeals is important for the protection of directly and materially affected interests and for the organizations involved in the development of U.S. positions in international activities and is required as a part of due process. This section provides for the right to appeal, indicates what may be appealed, and gives general criteria regarding the appeals mechanism.

B9.1 – Right to Appeal

Directly and materially affected U.S. national interested parties have the right to appeal any procedural action or inaction in the development of U.S. positions on international standards activities.

B9.2 – Appeals Mechanism

2732 The following general criteria shall apply to any appeals mechanism provided by the U.S. TAG pursuant
2733 to these procedures:

- 2734 a) Appeals shall be addressed promptly and a decision made expeditiously
- 2735 b) The right of the involved parties to present their cases shall not be denied
- 2736 c) Appeals procedures shall provide for participation by all parties concerned without imposing an
2737 undue burden on them
- 2738 d) Consideration of appeals shall be fair and unbiased and shall fully address the concerns
2739 expressed
- 2740 e) Records of appeals shall be kept and made available to the involved parties

2741 **B9.3 – Access**

2742 Appeals shall be processed in accordance with the written procedures used by the U.S. TAG for the
2743 development of pertinent U.S. positions. (See B5) ANSI will not normally hear an appeal of an action or
2744 inaction until all other appeal procedures have been exhausted.

ANNEX C

**USNC POLICY ON DISTRIBUTION OF FREE COPIES OF IEC STANDARDS AND
WORKING DOCUMENTS FOR USE IN USNC STANDARDS DEVELOPMENT ACTIVITIES**

General

IEC Standards and related working documents, such as technical publications, guides, advisory committee documents, working drafts, committee drafts, and final drafts (hereinafter “Working Documents”) are protected by IEC copyright. Under circumstances described in this policy, IEC Standards and Working Documents may be provided to authorized USNC TAG Members and certain third parties free of charge for use in standards development activities. Such documents remain copyright protected, however, and continue to be subject to certain other copying and redistribution limitations.

Copies of IEC Standards and Working Documents for Use by USNC TAG Members

IEC Standards and/or Working Documents provided under this policy shall be used by the USNC, its members, the members of the USNC TAG, US TAG to ISO/IEC JTC 1, TAs, Deputy TAs, USNC Experts, INCITS Secretariat, and others specifically identified by the INCITS Secretariat (“Authorized USNC TAG Members”) exclusively in the formation of U.S. positions on the development, national implementation, or maintenance of IEC Standards.

Authorized USNC TAG Members needing free copies of IEC Standards or Working Documents should obtain permission from the INCITS Secretariat for the subject USNC TAG.

An INCITS Secretariat may grant a request by Authorized USNC TAG Members for free copies of IEC Standards or Working Documents in circumstances where such Authorized USNC TAG Member has demonstrated a direct need for such documents in connection with the standards development, implementation, or maintenance activities of a USNC TAG. In making that determination the TAG Secretary may consult with the Technical Advisor (TA) or the USNC Office.

Authorized USNC TAG Members who have been provided free copies of IEC Standards or Working Documents under this policy shall take reasonable steps to ensure that such documents are not further disseminated outside of the USNC TAG and shall neither post the documents on public servers nor make them available to groups of non-USNC TAG members.

Authorized USNC TAG Members who have been provided free copies of IEC Standards or Working Documents may share such documents with individuals within their companies for the purposes of defining company positions and representations to other USNC TAG members.

Subject to the provisions of this policy, free copies of IEC Standards or Working Documents furnished to Authorized USNC TAG Members may be provided in an editable format which may be copied and modified by the Authorized USNC TAG Member as needed.

Copies of IEC Standards and Working Documents for Use by Certain Third Parties outside the USNC TAG

On a limited-exception basis, and within the sole discretion of the INCITS Secretariat, particular IEC Standards or Working Documents may be shared with parties outside the USNC TAG if such disclosure is

required to ensure that the necessary expertise (representing broad U.S. interests) will be used in formulating decisions necessary to the standards development, implementation, or maintenance activities of a USNC TAG. If INCITS Secretariat determines that such disclosure is necessary, a single copy of the relevant document shall be provided to such third party who shall have no rights to further copy or distribute such document.

Watermarking of All Documents Made Available to Authorized USNC TAG Members or Third Parties

Whether made available in electronic or hard-copy format, all documents made available under this policy shall either be “watermarked” with the appropriate copyright statement in accordance with Attachment “A” or be accompanied by a cover page that includes the appropriate copyright statement. In either case, a typical “copyright” notice shall be placed in the document.

Announcements

These policies are to be announced broadly to the USNC’s constituency and will be included in the USNC’s Statutes and Rules of Procedure and the USNC TAG Model Operating Procedures.
