Hello,

As we discussed at the October 2021 and December 2021 T11 plenary meetings, INCITS has asked us to review the liaisons that T11/T11.2/T11.3 have in place with other industry organizations. As part of the review we have been asked to determine the dates that all liaisons were established. Listed below you will find a list of the T11 liaisons we have in place:

T10  
FCIA  
SNIA  
CS1  
NVMe  
IEEE 802.3  
SFF/Transceivers  
ISO WG3/TIA  
OIF

As an action to the committee, can those of you that serve as liaison representatives to these organizations please provide the dates that these liaisons were established? If you can't recall the exact date an estimated date will suffice for now.

Thanks,

--
