Dear Rachel,

The T11 committee voted to recommend the following standards or technical reports for Reaffirmation or Stabilization during the February 2022 plenary meeting. The motions are captured in clause 15.2 of the February 2022 draft minutes (T11-2022-00043-v000).

Motion 1: Steve Wilson (Broadcom) moves and Mike Klempa (Amphenol) seconds that the following standards be recommended for Stabilization (2/3 Meeting). The rationale for stabilization is that the standards have ongoing validity and effectiveness, but they are mature and unlikely to require maintenance of any sort. The motion passed with 16 favoring, 0 opposing, and 0 abstaining.

INCITS 483-2012[R2017] Information Technology - Virtualization Management Specification
INCITS 496-2012[R2017] Information Technology - Fibre Channel - Security Protocols - 2 (FC-SP-2)

Motion 2: Steve Wilson (Broadcom) moves and Tom Palkert (Macom) seconds that the following standards/technical reports be recommended for Reaffirmation (2/3 Meeting). The motion passed with 16 favoring, 0 opposing, and 0 abstaining.
INCITS 510-2017 Information technology - Fibre Channel – Generic Services – 7 (FC-GS-7)

INCITS/TR-24-1999[R2017] Information Technology - Tape and Tape Medium Changers (FC-TAPE), a Technical Report prepared by INCITS and registered with ANSI

Best Regards,

Steven Wilson
