PINS Standard Action Request Entry form

Please enter your data for each standard into the fields below. Fields marked with an asterisk * are required. Once you have completed entering the data for the standard and you are ready to submit to ANSI, hit the Submit to ANSI button.

INCITS 580-202x
Designation of Proposed Standard*

Information technology - Inclusive Terminology
Title of Standard*

Create new ANS
Project Intent*

N/A
Supersedes or Affects

Many organizations are interested in embracing the use of inclusive terminology and avoiding and replacing non-inclusive terminology. They seek requirements and guidance on how to do this within their organizations, they seek guidance from experts, and they seek a common standard that would afford consistency in their application of inclusive terminology across their organization. This standard would provide such guidance.

Project Need*

ICT Industry
Identify Stakeholders*

Producer-Hardware, Producer-Software, Producer-General, Distributor, Service Provider, User, Consultants, Government, SDO and Consortia, Academic Institution, General Interest
Interest Categories*
N/A
Identify ISO or IEC standard to be adopted

☐ Yes  ☐ No
Includes text from ISO or IEC standard?*

Metric
Unit of Measure*

☐ Yes  ☐ No
Revises a previous PINS submittal?*

Provides requirements, recommendations, and guidance on the use of inclusive terminology for human and machine-readable contexts in the information and communication technology sector. Inclusive terminology is terminology perceived or likely to be perceived as neutral or welcoming by everyone, regardless of their sex, gender, race, color, religion, etc.

Scope Summary*

Notes

☐ Request an Announcement in Standards Action to Solicit New Consensus Body Members
