

The background is a solid red color with various digital and network-related motifs. On the left, there are faint, semi-transparent icons of a code editor with a '</>' symbol, a progress bar, a waveform, and a circular gauge. In the center, there are faint binary digits (0s and 1s) and some text fragments like 'selected warrior modifier object' and 'ier\_ob'. On the right, there is a complex network diagram with white nodes and connecting lines, some of which are highlighted with a bright white glow.

The background of the slide is a vibrant red, overlaid with a complex network of white lines and dots, resembling a data network or a digital map. On the left side, there are faint, semi-transparent icons and text elements, including a code editor window with a '</>' symbol, a circular progress indicator, and various binary code snippets like '01010101' and 'print "Sa'.
