The T11 community was informed of the 2023 National Maintenance review by INCITS at the December 2022 T11 plenary meeting. I propose that the following standards/technical reports be either stabilized, reaffirmed, or withdrawn according to the following motions.

Motion 1: Howard Johnson (Broadcom) moves and TBD seconds to recommend to INCITS that the following standards be Stabilized (2/3 meeting vote). The rationale for stabilization is that the standards have ongoing validity and effectiveness, but they are mature and unlikely to require maintenance of any sort.
