Dear Rachel,

The T11 community was informed of the 2023 National Maintenance review by INCITS at the December 2022 T11 plenary meeting. The T11 committee voted to recommend the following standards or technical reports for Reaffirmation or Stabilization during the February 2023 plenary meeting. The motions are captured in clause 9.1 of the February 2023 draft minutes (T11-2023-00065-v000).

Motion 1: Howard Johnson (Broadcom) moves and Chris Lyon (Amphenol) seconds to recommend to INCITS that the following standards be Stabilized (2/3 meeting vote). The rationale for stabilization is that the standards have ongoing validity and effectiveness, but they are mature and unlikely to require maintenance of any sort.

INCITS 462-2010/AM1-2012[R2017]	Information technology - Fibre Channel - Backbone - 5 (FC-BB-5) - Amendment 1
INCITS 528-2013[R2018]	Information Technology - Common Building Blocks Specification
INCITS 530-2013[R2018]	Information Technology - Architecture for Managed Computing Systems
INCITS 531-2013[R2018]	Information Technology - Systems Management Discovery for Managed Computer Systems

Motion carried: In Favor-21, Opposed-0, Abstain-0.

Motion 2: Howard Johnson (Broadcom) moves and Chris Lyon (Amphenol) seconds to recommend to INCITS that the following standards/technical reports be Reaffirmed (2/3 meeting vote):

INCITS 540-2018	Information technology - Fibre Channel - Non-Volatile Memory Express (FC-NVMe)
INCITS 544-2018	Information technology - Fibre Channel - Single Byte Command Code Sets Mapping Protocol - 6 (FC-SB-6)
INCITS 487-2018	Information technology - Fibre Channel - Link Services - 3 (FC-LS-3)
INCITS/TR-32-2003[R2018]	INCITS Technical Report for Information technology - Fibre Channel - Management Information Base-FA (MIB-FA)
INCITS/TR-33-2003[R2018]	INCITS Technical Report for Information Technology - Fibre Channel Signal Modeling (FC-SM)
INCITS/TR-53-2018	INCITS Technical Report for Information technology - Fibre Channel - Energy Efficiency (FC-EE)
INCITS/TR-44-2008[R2018]	INCITS Technical Report for Information technology - Fibre Channel Signal Modeling - 2 (FC-SM-2)

Motion carried: In Favor-21, Opposed-0, Abstain-0.

Regards,
