ISO/IEC 2382-37:2012, Information technology --Vocabulary - Part 37: Biometrics

If the TC action is to accept in whole or in part a proposal contained in the comment, the changes should be sent to the Associate Manager of Standards Operations together with any comments supporting the change. If the TC action is to reject in whole or in part proposals contained in the comment, the response should provide the rationale for the rejection.

The comment should be discussed at the next TC meeting, and if not definitively responded to at once, an interim acknowledgment should be sent along with an estimated date of action.

The final response to the commentor must include the provision that the commentor has twenty working days from the postmark of the committees response to indicate, in a written statement, acceptance or rejection of the TC response.
