Subject: FW: Request for establishment of Category C Liaison with ITU-T JCA-IoT and CEN TC 225

Dear members,

As you see in the mail below, Lisa said that SWG cannot have category C liaison relationships.

But we can contact them directly, so Dr. Nader Moayeri and Mr. Detlef Tenhagen are contact persons to ITU-T JCA-IoT and CEN TC 225.

Regards,

Yoo, Sangkeun

My apologies as I thought that I had responded to you several weeks ago.

SWGs cannot have category C liaison relationships. Category C is for liaison with a WG or project and as a SWG has neither, it cannot apply. However, under membership in your ToR it states *"Invited standards setting organizations that are engaged in IoT standardization as approved by SWG on IoT."*

You can therefore invite these organization to have membership on the SWG. Feel free to contact them directly.

Regards,
Lisa

Dear Lisa,

I sent the mail below on 27 March for request to establish Category C Liaison with ITU-T JCA IoT and CEN TC 225, but I didn't get any response from you.

Is this under processing?

Regards,

Yoo, Sangkeun

Subject: Request for establishment of Category C Liaison with ITU-T JCA-IoT and CEN TC 225

Dear Lisa,

According to Recommendation 7, 8 and 9 from the 1st SWG 5 meeting, SWG 5 formally requests the establishment of a Category C external liaison relationship with ITU-T JCA-IoT and CEN TC 225.

1. SWG5_N0031-Request for establishment of Category C Liaison with ITU-T JCA-IoT
2. SWG5_N0032-Request for establishment of Category C Liaison with CEN TC 225

Please find the attachments for more information.

Best regards,

Yoo, Sangkeun
