Subject: FCoE Copyright, Trademark and domain

Dear Mr. Snively,

This letter is to confirm that Nuova Systems does not own either a copyright or a trademark on the name "FCoE".

Nuova does own the Internet domain `fcoe.com`. If T11 will continue to use the term FCoE, the domain `fcoe.com` will be donated to T11 for free.

T11 can use `fcoe.com` for describing the technology, whether or not modified during the standardization process. The name would subsequently apply only to the standardized version of the technology.

Moreover, to encourage people to use `t11_3@t11.org`, `fcoe.com` will NOT host any mailing list.

Sincerely

Luca Cafiero
(Founder and VP of Engineering)
