Web/FTP Status

- System has been up since it rebooted on 9/22
- Uptime 137 days as of yesterday
- Rebooted FTP server on 1/27 because it had got into a weird state
  - Started transfers but never finished them

Web/FTP statistics

- Web statistics
  - No greater peak load this week than in December (33 simultaneous users, 450 trans/min)
    - First time this hasn't been on Sunday!
  - Total of 20636 transactions since boot
- FTP statistics 53K sessions, 13 GB down, 217K up since 1/27

By the Way

- As of last Friday the web site has now been in continuous operation for more than 15 years!

Major Changes Done!

- New “inline” menu system cut in @ 7am this Wednesday – no more frames
- Three fixed lines (with dark blue background) by 8 columns
  - 1 line with lighter blue background varies by database
  - Now appears in many places, but more still to come (e.g. in forms)

Highlights

- New publications page (back to 1991)
- New single page with all memberships
- Lookup document field on all pages
- New link to last 500 documents
- Easier access to “Documents 4 Meetings”
- Please use the new menu, report problems to questions@mail.t11.org

Done @ same time

- Replaced (most) textured backgrounds by flat white
- Virtualized the clients that I use to support the site
- Notes that http://www.t11.org/v1 reaches old home page

Other changes made

- Fixed the minutes links on the drafts page
- Added “create revision” and “create clone” buttons to agendas and minutes
- Reintroduced “secretary” role into the projects database

Tickets

- 2 new tickets submitted and completed
- Only 1 ticket remains in progress

Web Site Help

- Top level Help page at:
  - http://www.t11.org/help.html
  - Also “Help” link in the navigation frame
- Contains links to tutorial, user guide and the OCLC article about the web site

Addresses for Reporting Problems
