Subject: Feb 2013 liaison letter

Dear Mr. Sadler,

Thank you for forwarding the recent OIF-CEI-28G-VSR draft specification. The T11.2 Fibre Channel Physical variants task group has continued to utilize the draft specification in the development of the FC-PI-6 standard. We request that any additional updates to the VSR draft be forwarded to T11.2 to further assist us in our work.

Thank you

Tom Palkert

Chair T11.2
