Converged Ethernet - Traditional and New Approaches
- How is 10GBASE-T being adopted and deployed
- iSCSI over DCB
- FCoE Roadmap
- Using SDN to simplify FCoE adoption
- Implementing object storage over Ethernet
- Ethernet SAN other than iSCSI

General Data Center Considerations
- Plans for protocol-specific TLVs with DCB
- Planning a data center with mixed FC and Ethernet

NFS
- Why NFSv4.1 and pNFS are better than NFSv3
- Advantages of NFSv4.1
- pNFS advances – why it makes sense
