Emerging Major Fibre Channel Networking Markets

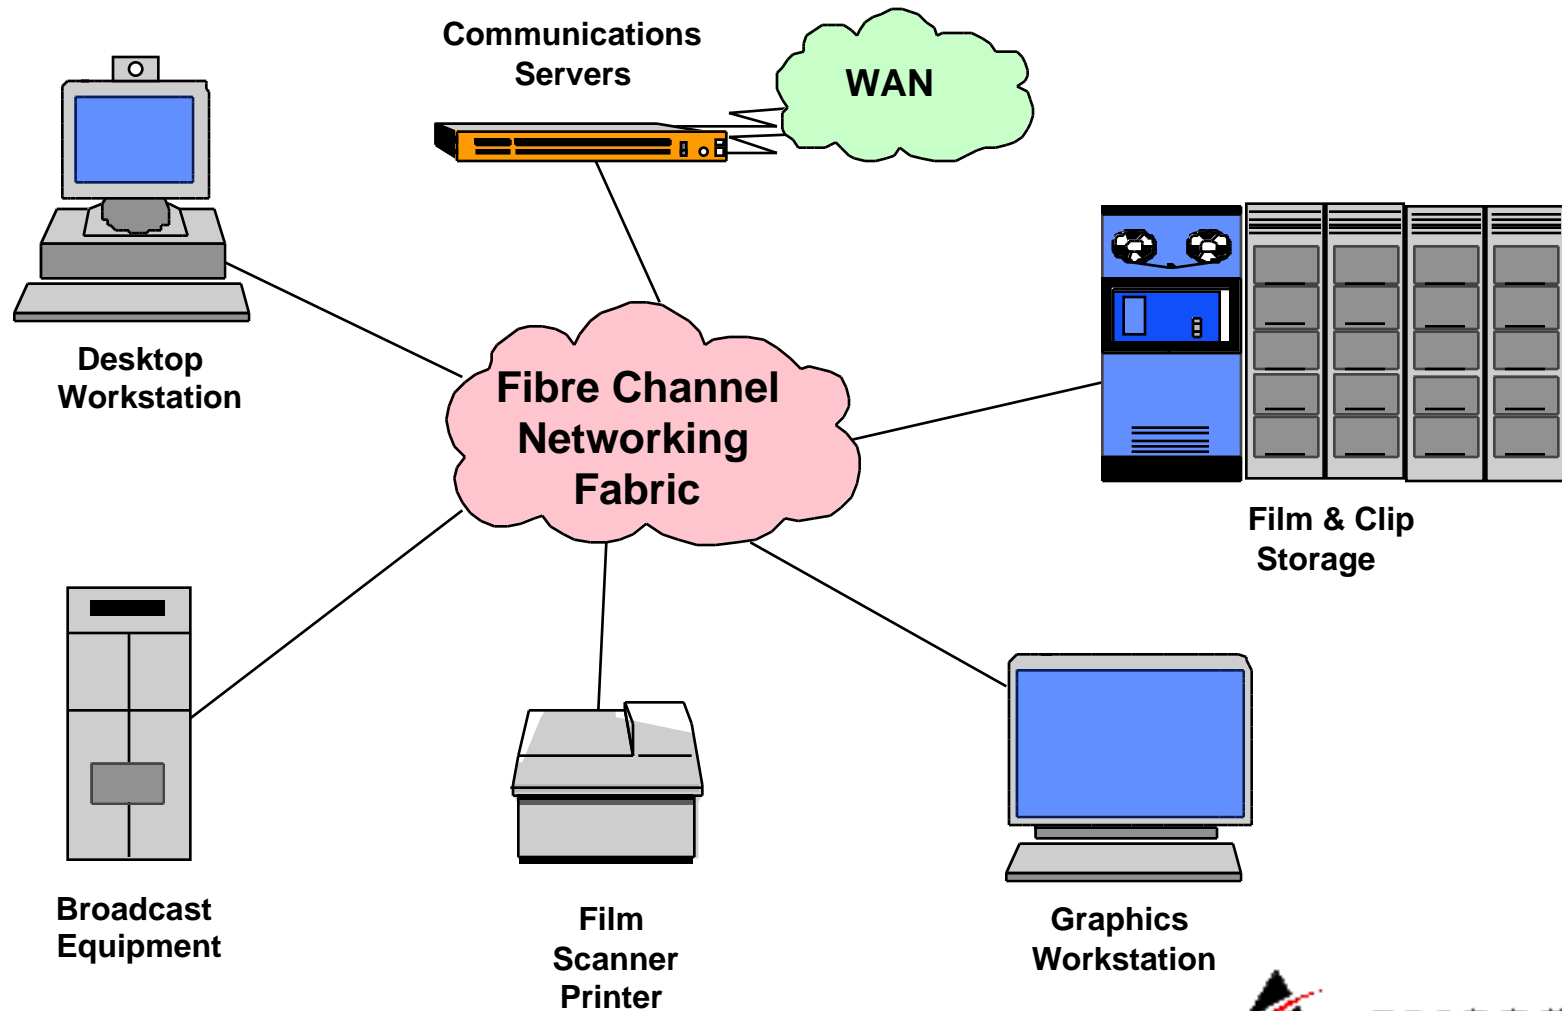

The Desktop Workstation is driving the aggregate bandwidth need

Growing Desktop Workstation Network Bandwidth Requirements

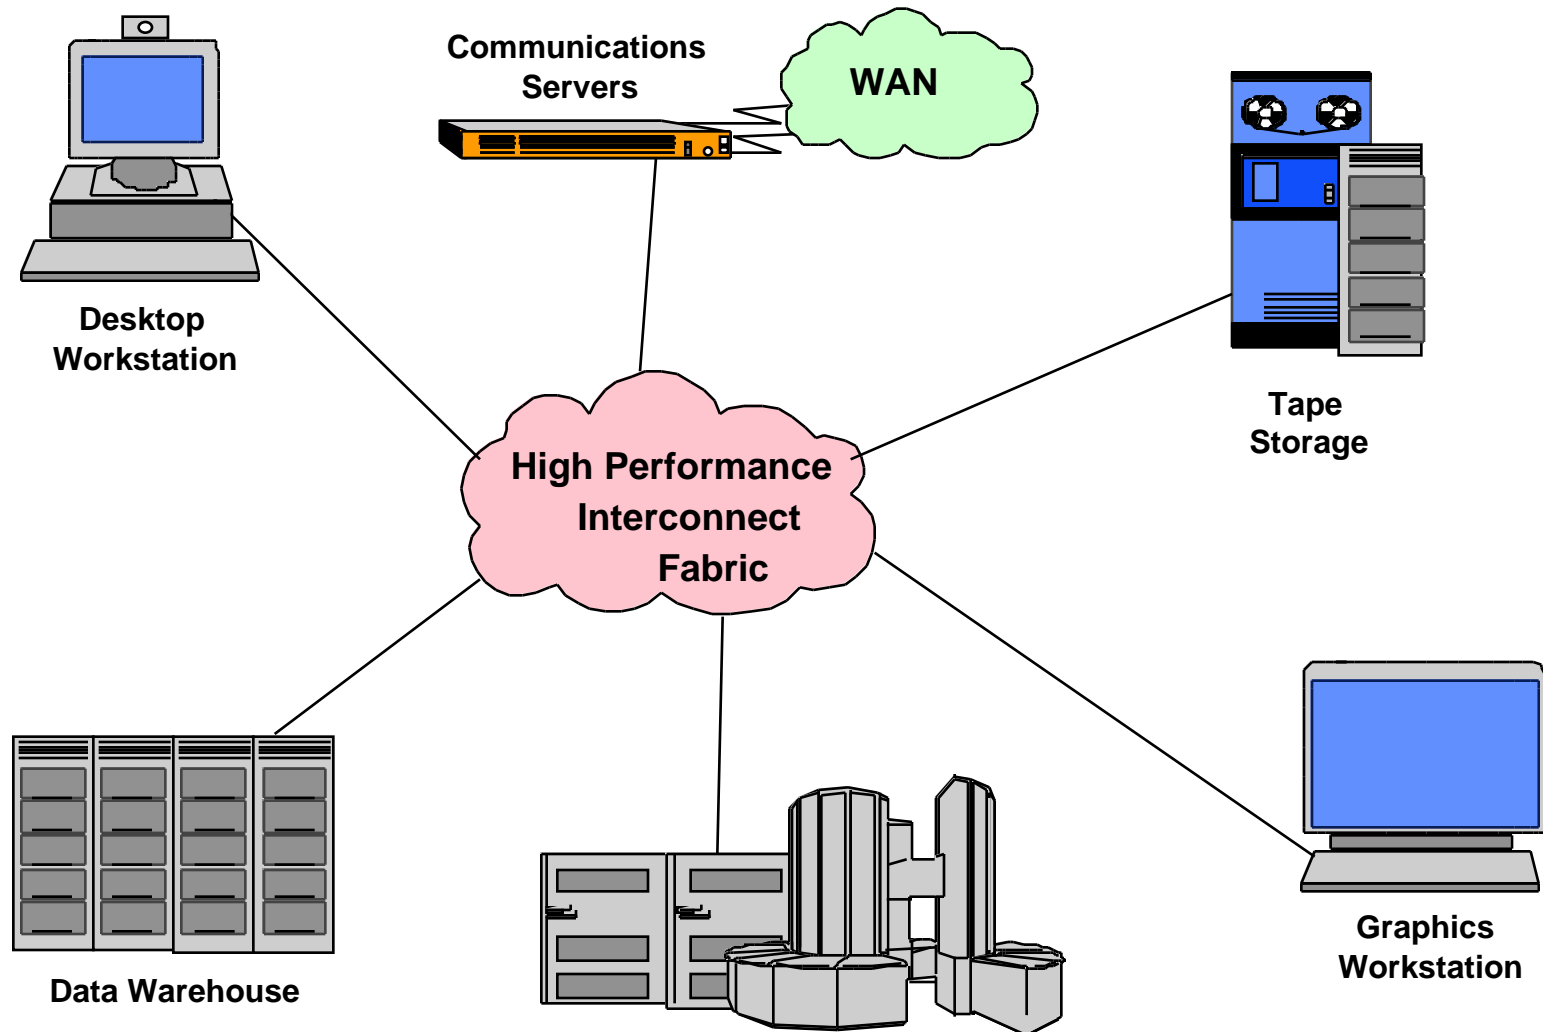

Movie & Broadcast Industries Networking Requirements

Movie & Broadcast Industries Networking Requirements

- ☐ **Multi-vendor heterogeneous systems**
- ☐ **Real time video and audio streams**
- ☐ **More action means less compression**
- ☐ **Gigabit per sec digital film stream rates**
- ☐ **Huge multiple terabyte data files**
- ☐ **Limited time to edit and assemble**
- ☐ **Increased resolution with HDTV**

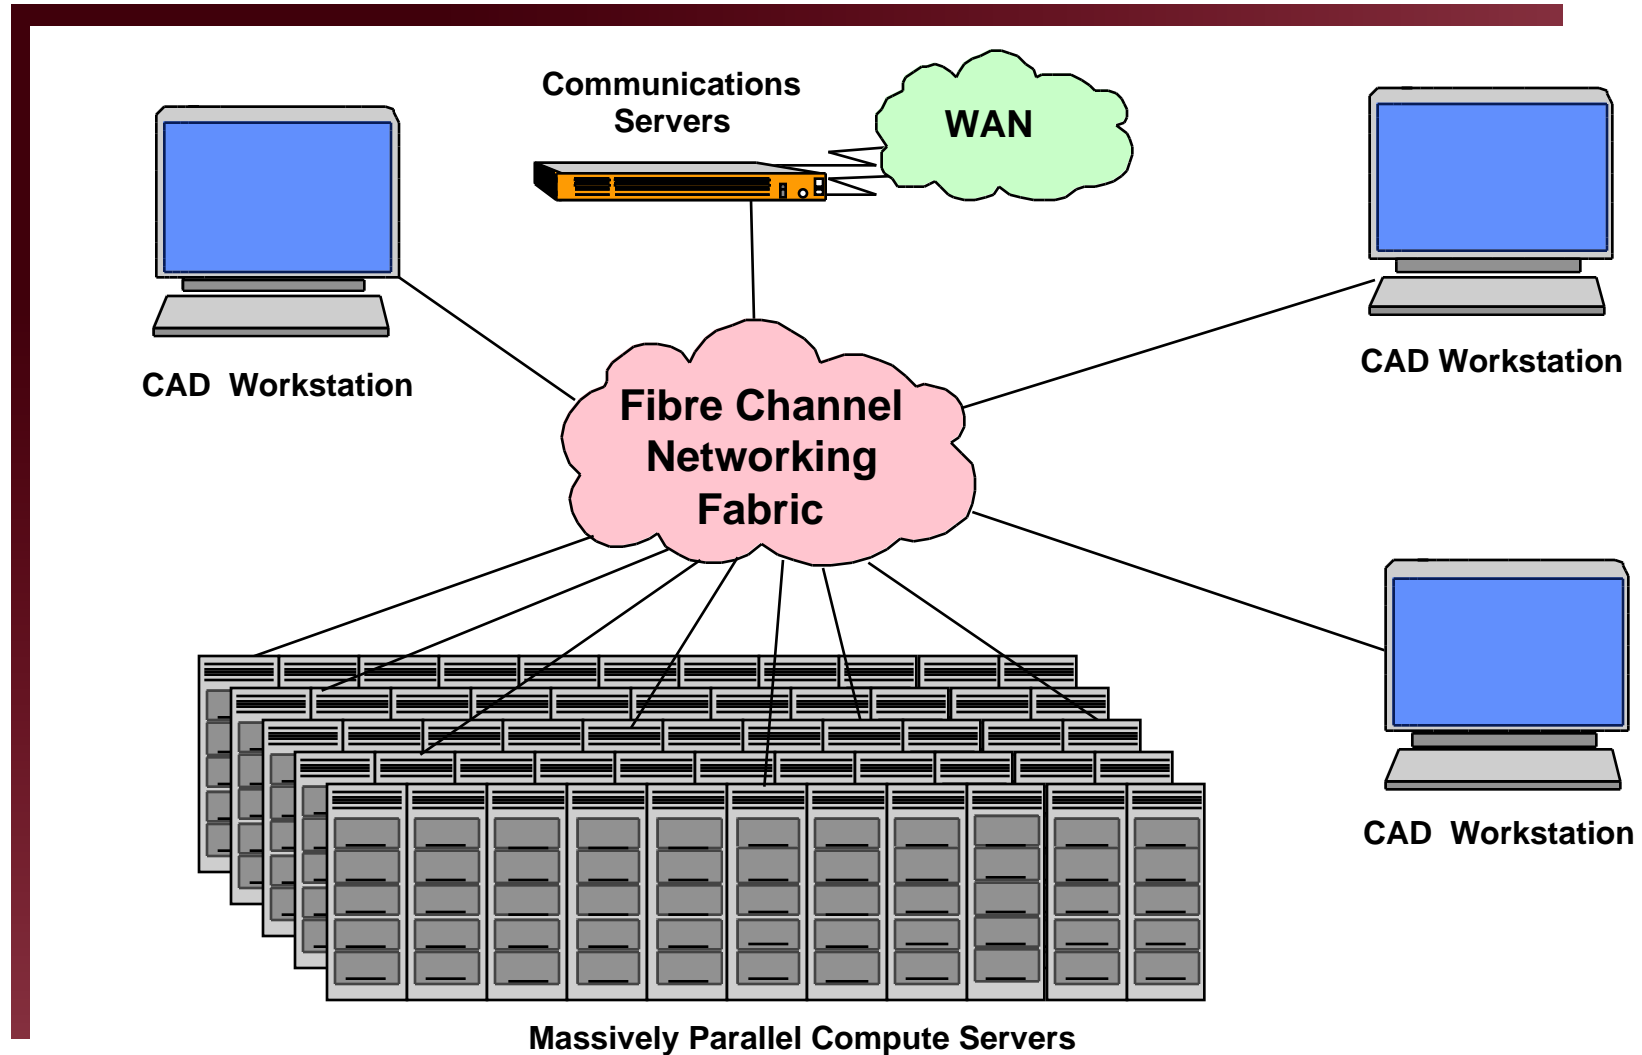

Oil & Gas Industries Networking Requirements

Oil & Gas Industries Networking Requirements

- ☐ **Multiple Petabyte tape archives**
- ☐ **Higher resolution seismic models**
- ☐ **3D Visualization of stored data**
- ☐ **Huge terabyte in-process data files**
- ☐ **Multi-vendor heterogeneous systems**
- ☐ **Massively parallel compute servers**
- ☐ **Limited time to process and edit**

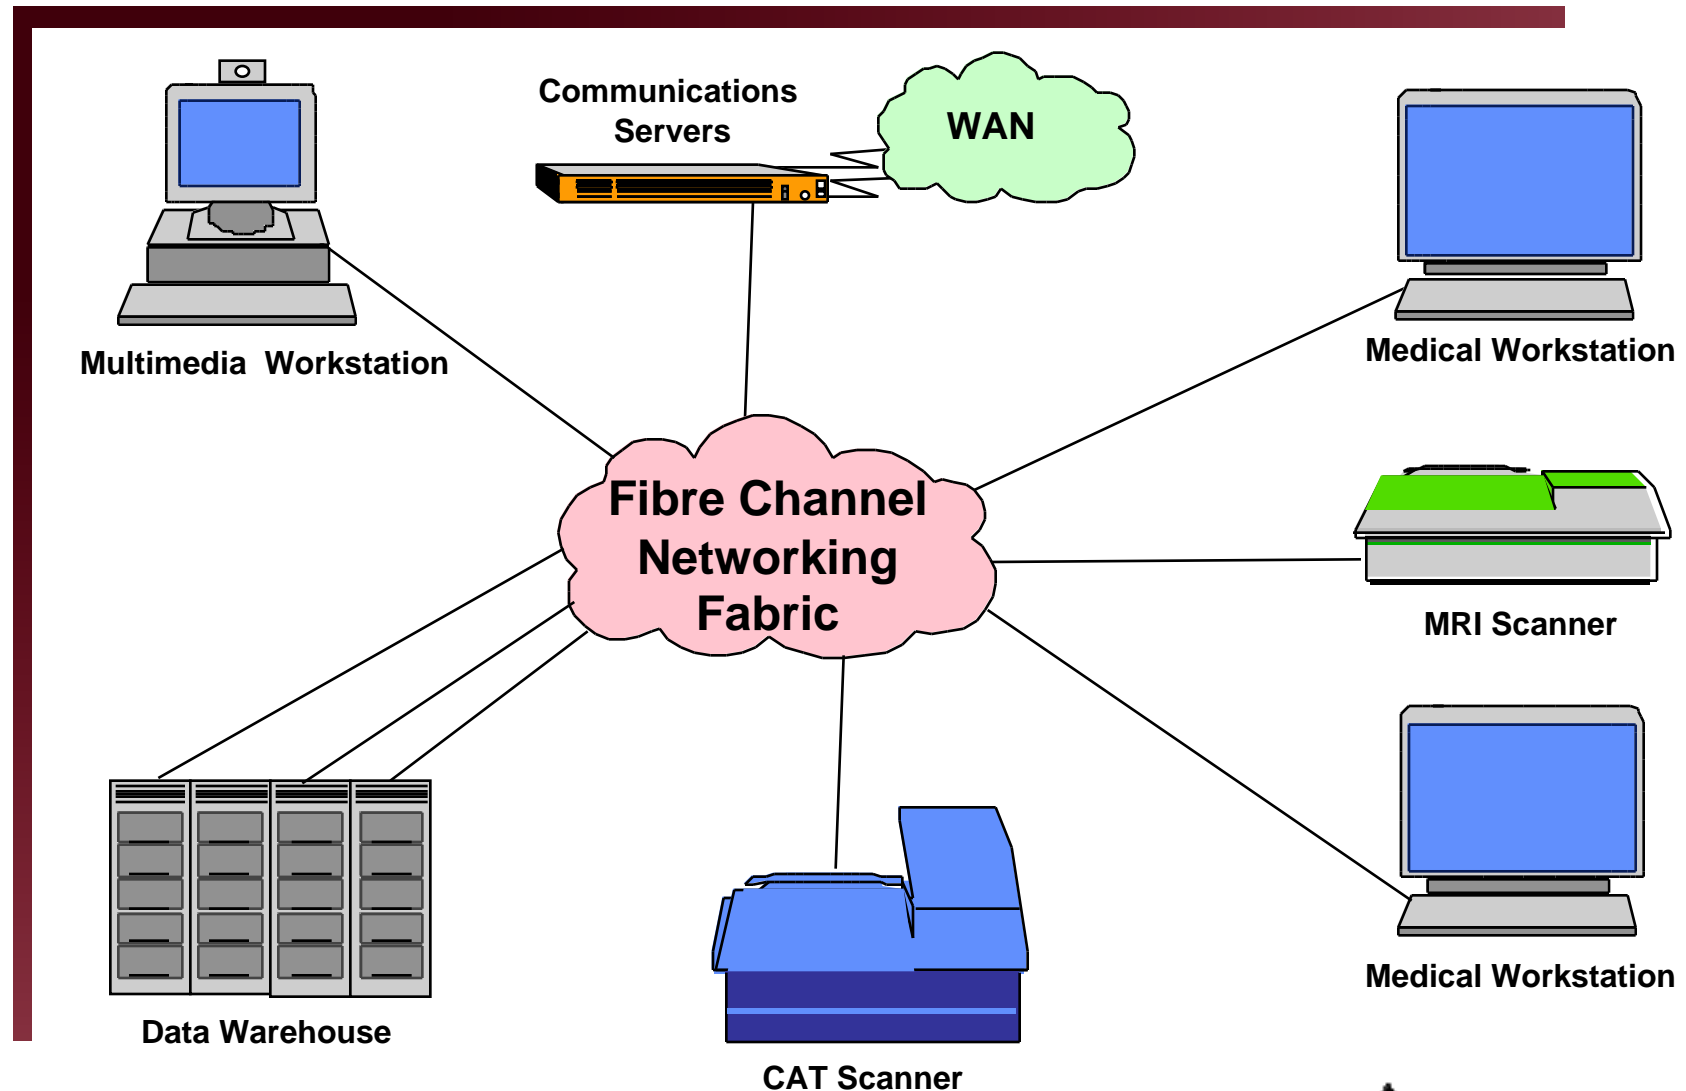

Automotive & Aerospace CAD System Networking Requirements

Automotive & Aerospace CAD System Networking Requirements

- ☐ **Direct design to production**
- ☐ **Higher resolution design models**
- ☐ **Large Complex Simulation runs**
- ☐ **Huge terabyte data files**
- ☐ **Limited time to complete**
- ☐ **Multi-vendor Heterogeneous System**
- ☐ **Massively parallel compute servers**

Medical Industry Networking Requirements

Medical Industry Networking Requirements

- ☐ **Major Growth in Digital Scanner use**
- ☐ **Multi-megabyte Scanner Images**
- ☐ **Multiple high speed scanners**
- ☐ **Multiple scans per patient**
- ☐ **Multiple Workstations**
- ☐ **Terabyte Data Warehousing**
- ☐ **Higher speed communication links M**

Military Networking Requirements

- ☐ **Major Growth in Electronic Surveillance**
 - * Radar, Infrared, Visual, Motion, Etc.
- ☐ **Major Growth in Digital Communications**
 - * Voice, Data, Video, Audio, Etc.
- ☐ **Major Growth in Workstation Utilization**
 - * Digital Com, Planning, Managing, Etc.
- ☐ **Major Growth in Information Visualization**
 - * Battle Plans, Situation Status, Etc.
- ☐ **Major Growth in Battlefield Simulation**
 - * Battlefield scenario, Real Time Training, Etc.
