

# Market Needs FCA - Japan

January 22, 1998

By Yuichi Arai

# Market Needs - 1

FCA-Japan

As of Jan. 21, '98

## ■ Demands are

- High Performance File Server
- Storage Area Network Solution
  - | More Gbytes, Freedom of location/connection - - -
  - | Maintenance
- High End Network Solution
  - | High Traffic 3-D Mechanical CAD/CAM
  - | Multi Media Production Studio
    - Printing, Movie Picture, Game Production Industry
- Note: Gigabit Ethernet/ATM/FC coexist in enterprise system

## ■ Functional Issue

### ■ Network Environment

- | Seamless connection to Gigabit Ethernet
- | Seamless connection to WAN (ATM/STM)

### ■ Storage Environment

- | Compatibility with File Management System

### ■ Network Management and Viewer

## ■ Interoperability Issue

### ■ Optical Transmitters/Receivers

- | GLM, GBIC

### ■ NIC Boards

- | Among products (No dominant product like Adaptec in SCSI)

### ■ Switches

- | Among products

## ■ Still not plug and play

- Off the shelf items

# FCA-Japan Activity in '97

Marketing & Planning  
Committee

# FCA-Japan Activities in '97

---

## ■ FCA-Japan WWW Open

- <http://www.hucom.co.jp/EXT/FCAJ/home.htm>

## ■ FCA-Japan Seminar

- 1997 October 31 about 80 attendance
- at Tokyo International Forum Center

## ■ Attend Exhibition of COM JAPAN '97

- 1997 November 4-7
- 20 square meter booth
- at Tokyo Big Sight

## ■ Took questionnaires on both events

# FCA-Japan Seminar

---

- “Fibre Channel System” by Yuichi Arai at Hucom
- “Fiber Channel Standards, Industry Initiatives & Market Forecast” by Kumar Malavalli at Brocade Communication Systems
- “Japanese Trends in Fibre Channel” by Ryouhei Nakayama at NTT

CONTENTS supplier: Sumitomo 3M, Data Media Products, Tokyo Electron, Fujikura, Fujitsu, Hitachi, Hitachi Cable, Hucom, NTT

# FCA-Japan Exhibits in COM JAPAN '97

---

- "FC system with using ATM interface" by NTT
- "FC system with Disk Array, Switch and Ethernet Hub" by Tokyo Electron Ltd.
- "Disk Array sub System" by Hitachi Ltd.
- "FC system with Disk Array, Switch"  
by Hucom Inc.
- "FC GBIC and GLM module" by Fujikura Ltd.
- "FC GLM module" by Hitachi Cable Ltd.

# Contents of the Questionnaire

---

- at Seminar

- replied by ; 76 person

- 19 companies

- at Exhibition

- replied by ; 150 person

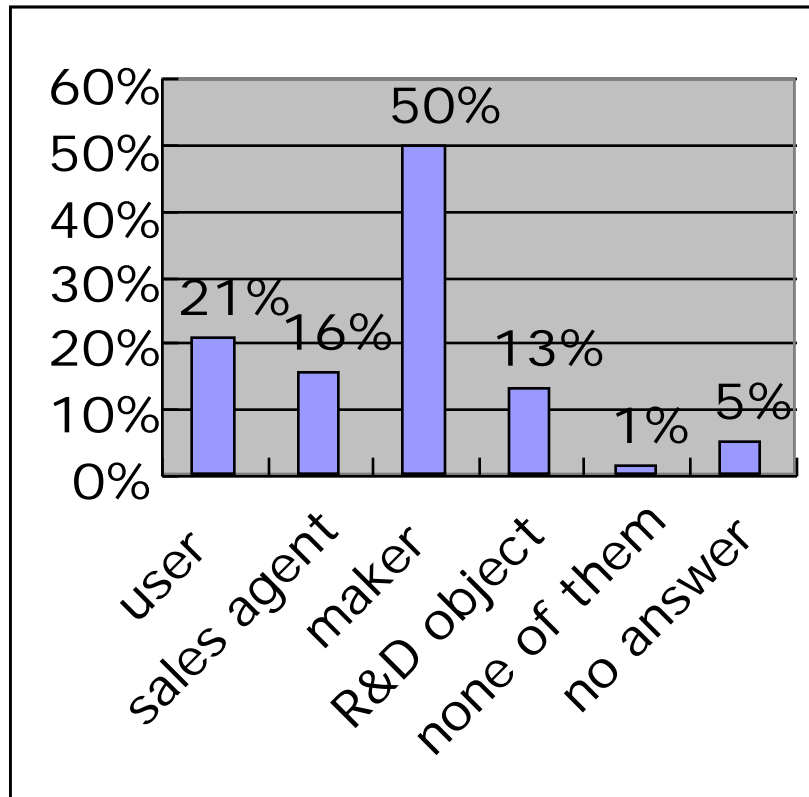

- 106 companies
