Re: Licensing Statement for T10/2212-D – Serial Attached SCSI – 3, 2-Port (as defined in SFF-8680) and 6-Port (as defined in SFF-8639) Drive.

Dear Mr. Lohmeyer,

This letter sets forth Foxconn Electronics, Inc.'s patent licensing policy regarding T10/2212-D – Serial Attached SCSI – Serial Attached SCSI - 3.

Foxconn® is the registered Trade name for Hon Hai Precision Industry, Co., Ltd, ("Hon Hai") both in the U.S. and throughout Asia and Europe. Foxconn Electronics, Inc., a subsidiary of Hon Hai, is a California corporation.

Hon Hai Precision Industry Co., Ltd., ("Hon Hai") owns several patents that may be pertinent to this Specification. If this Specification cannot be practiced without the use of Hon Hai patent(s), Hon Hai gives its assurance that it will make a limited non-exclusive license available, upon written request, to practice the relevant Hon Hai patent(s) in products that are fully complaint to T10/2212-D – Serial Attached SCSI – Serial Attached SCSI, as adopted. This license will be offered under reasonable terms and conditions that are demonstrably free of any unfair discrimination; further, if applicable, the potential licensee will make available to Hon Hai a comparable cross-license under any of the licensee's patents that may apply, or could potentially apply, to Hon Hai's products

Inquiries regarding a license under this assurance letter should be directed to:

Mr. Fred A. Fons, Standards Development Manager
Foxconn Electronics, Inc
100 South 38th Street
Harrisburg, PA 17111

Very truly yours,

Glenn Moore
Director, Standards Development
