Subject: [comments] ANSI Notification of Final Action for: INCITS 559-2020
Date: Monday, December 28, 2020 10:10:12 AM

Rachel Porter
InterNational Committee for Information Technology Standards

RE: Notification on Final Action on: INCITS 559-2020
Information technology - Fibre Channel - Physical Interfaces - 7P (FC-PI-7P)
(new standard)
Approval Date of Final Action: 12/28/2020
Standards Action Publication Date: 1/8/2021

The Board of Standards Review has approved the above action in connection with a candidate American National Standard:

Notice of this Final Action will be published in an upcoming issue of Standards Action. For actions other than withdrawals, applicable publication and maintenance requirements are contained in clause 4 of the ANSI Essential Requirements: Due process requirements for American National Standards.

If your organization has arranged for ANSI to publish this standard, please contact Harvey Rosenfeld in the Publishing Department at 212-642-4921.

If you believe that this American National Standard may be of interest to the Occupational Safety and Health Administration (OSHA) for possible regulatory adoption, please forward a copy of the published standard to OSHA at the address listed below:

For General Industry / Maritime / Agriculture:
Maureen Ruskin
Acting Director, Directorate of Standards & Guidance U.S. DOL/OSHA
200 Constitution Ave, NW, #N-3718
Washington, DC 20210

For Construction:
Scott C. Ketcham
Director, Directorate of Construction
USDOL/OSHA
200 Constitution Ave, NW, #N-3468
Washington, DC 20210

In addition, as you know, many standards are incorporated by reference (IBR) in the U.S. Code of Federal Regulations (CFR). To facilitate public access to these standards, ANSI has established an online 'IBR portal'. We request that your organization consider contributing its referenced standards to ANSI's IBR portal (www.ansi.org/ibr). To discuss this option, please contact Michelle Maas-Deane at mdeane@ansi.org.

Notification of Right to Appeal to the ANSI Board of Standards Review

In accordance with ANSI Essential Requirements, those objecting to this final action who have completed the appeals process at the Standards Developer are hereby notified of their right to file a procedural appeal with the ANSI Board of Standards Review (BSR). If you have not completed the appeals process at the standards developer, you are normally not eligible to appeal to the BSR. If you are eligible and choose to appeal, the appeal statement and all supporting documentation must be filed in writing with the office of the undersigned within 15 working days after receipt of this official notification. The appeal must be based on procedural criteria, and include a statement as to why the BSR action should be modified. The BSR will not render decisions on the relative merits of technical matters, but it shall consider whether due process was afforded technical concerns. The appeal must be

accompanied by a \$1,200 filing fee payable to ANSI.

If you require an extension of the appeals filing deadline, please direct your written request along with a justification therefore to the office of the undersigned before the 15 working day deadline or you shall forfeit your right to appeal. A complete copy of the Operating Procedures of the ANSI Board of Standards Review, including clause 7, which addresses the appeals process, is available in the public library on ANSI Online (www.ansi.org) or by contacting psa@ansi.org.

Please contact the PSA Department at psa@ansi.org if you have any questions.

Thank you for your continued support of the American National Standards process.

Sincerely,
Anne Caldas
Secretary, ANSI Board of Standards Review (BSR)
